MESSAGE IS SENT TO SOLONS

President Taft Urges the Passage of the Bill for Canadian Reciprocity

Declares Measure Is Economic in Intent and Needed by United States

WASHINGTON, April 5. — The Senate was in session only 25 minutes today. The only business transacted was the reading of the President's message urging the passage of a bill to carry out the provision of the Canadian reciprocity agreement and the reference of the message to the finance committee.

A fight in the House over the adoption of the new Democratic rules was interrupted to permit the reading of the President's message. The message was listened to with some interest, but there was no applause at its conclusion. It was referred to the committee on ways and means. After the message was read in the Senate it was referred to the finance committee.

The House took up the adoption of its new rules, limiting general debate to four hours, to be equally divided, and granting the privilege of offering only one substitute set of rules.

INSURGENTS IGNORED.

The insurgents pleaded for the privilege of separate amendments, but were told by the Democratic leaders that their amendments would have to be included in the proposed Republican substitute.

The rules offered by the Democrats and which will be adopted provide comparatively few changes.

They provide for the election of committees instead of their appointment by the speaker and enlarge the membership of several of the committees. Six old committees are abolished.

The principal change as a rule which permits germaine legislation on appropriation bills which tends to retrench expenditures. The Democrats continue "Calendar Wednesday" and enlarge the rule for the discharge of committees.

PREIDENT'S MESSAGE.

The President's message follows:

"To the Senate and House of Representatives:

"I transmitted to the 61st Congress on January 26 last the text of the reciprocity trade agreement which had been negotiated under my direction by the Secretary of State with the representatives of the Dominion of Canada.

"This agreement was the consummation of earnest effort, extending over a period of nearly a year, on the part of both governments to effect a trade arrangement which, supplementing as it did, the amicable settlement of vexatious questions of a diplomatic and political character that had been reached, would mutually promote commerce and would strengthen the friendly relations now existing.

ECONOMIC IN INTENT.

"The agreement in its intent and in the terms was purely economic and com-

LONDON, April 5.—It is understood that under the new Anglo-Japanese commercial treaty, parts of the tariff have been reduced in favor of Great Britain, but that they are still considerably higher than under the old treaty. MEXICAN SAYS U. S. MOVE IS WELCOMED

Presence of American Troops Along the Border Reported to Have Relieved Diaz of Crisis

EL PASO, April 5.—An explanation bearing all the marks of authenticity, clearing up the American-Mexican-Japanese situation was given here today by one of the most prominent Mexican-Americans in the country.

According to this informant, who is in a position to know, but who insisted upon the suppression of his name, President Diaz was seeking a way to refuse a coaling station on Magdalena Island to the Japanese even before the renewal of the American government's contract came up for discussion.

"Diaz," said the Mexican-American, "found himself between the upper and nether millstones. He was impressed with the influx of Japanese into Mexico and in particular with the knowledge that they had mapped his entire western coast. Slow, insistent pressure was brought on him to give Japan a coaling station on Magdalena Bay.

WELCOMED OUR AID.

"On the other side was the United States and the Monroe doctrine. He temporized until knowledge of his situation reached the White House. From the latter, to his considerable relief, came an unmistakable intimation that Japan was not to have the station, although the same privileges for the United States was not insisted upon. Diaz then informed Japan that he did not care to lease any part of his country to a foreign power.

"Not knowing what might be the result of the Mexican attitude in Japan, President Taft ordered the mobilization of a division of American troops at San Antonio, Galveston and El Paso. In El Paso every citizen of standing and information realizes that in the event of Japanese aggression which, however, baseless the fear may be is still feared, Mexico must rely upon the assistance of the United States. As against any oversea power Mexico would stand with her big neighbor to the north. Japan has never attempted the colonization of large bodies of Japanese on certain tracts of land in Mexico, but the aggregate immigration figures from the land of the Rising Sun are impressive."

ALL ARE VETERANS.

"Are not these immigrants mostly coolie laborers?"

"Mexico does not need to import labor; they are mostly veterans of the late Russo-Japanese war. They were not brought to Mexico to make an army of protection against the Americans. They came of their own accord and for their own ends.

"And bear this in mind, they do not make maps for fun, and we know that many of these immigrants have had no other visible occupation."

EL PASO, April 5.—Charles R. Richards and Jewell Williams, the one a machinist in the Madero Mexican shops, and the other just completing one month's service with the insurrectos, arrived here today with the news that the insurrectos have no present intention of attacking the city of Chihuahua. Their ambition, said Williams, who makes his home with his mother in New York, is to recapture Casas Grandes and liberate the prisoners, including 17 Americans taken in the recent engagement at that place. Coincident with this information comes an official announcement that General Rafael Eguia and the Casas Grandes garrison of 500 federal troops have been ordered to proceed to Chihuahua. The addition of these troops, it is estimated, will bring the Chihuahua garrison up to 3000 or more men.

The insurgents realize that with their force of not over 1500 men (and probably it is under that), equipped only with carbines, and with no artillery, they have no chance against the fully-equipped and numerically stronger force within the city.

Madero, according to Richards and Williams, is at Ranchero Bustillos, where, if present plans do not miscarry, he will soon receive his father and his brother Alfonso to decide on peace plans. There has been no fighting since the battle at Casas Grandes, they say.

AMERICAN LOSS HEAVY.

The city of Madero, where there are big American interests, is one hundred miles or more from Madero's camp. The insurrecto force there is commanded by Guiseppe Garibaldi, an artillery expert, who has served in Italy and South America, and Captain Oscar G. Creighton, an American. There are only ten Americans now with the rebels, eleven of them having been killed and seventeen taken prisoners at Casas Grandes. Richards stated that the total dead in that fight was 91 killed on both sides.

In a small way, Garibaldi and Creighton are said to be engaged in the social activities with which the army officers at San Antonio are adding to the gaiety of that city. There is lawn tennis in the afternoon and five o'clock tea after the English fashion, to which Garibaldi is no stranger. In the evening comes dancing

Wilkins was to have been hanged April 7, next Friday, for the murder of Vernie Carmen. The crime, which was committed in Elmhurst, Alameda county, two years ago, excited widespread interest.

The decision of the lower court was sustained and the death sentence was affirmed.

Two other reprieves were granted today by Governor Johnson as follows:

Francisco Quigaga, a Mexican who was sentenced to death for attempting to kill a guard in Folsom prison, was given a reprieve until July 7.

Charles Carson, who was convicted for a similar crime, was also reprieved until July 7. Both were to have been hanged Friday, this week.

McKenna Interprets Slang Term for Court

Comes to the Rescue of Supreme Bench When Lawyer Is Obtuse.

WASHINGTON, April 5.—Some of the slang phrases Justice McKenna of the Supreme Court picked up years ago still cling to his mind.

Frederick D. McKenney, counsel in a case before the court, was trying to explain to the justice what a railroad conductor meant when he said to an engineer: "Oh, h—l, back up."

He was having some difficulty with the abtruse point when Mr. McKenna came to his assistance.

"Did he mean what was once expressed by the slang phrase, 'Oh, cheese it?'" he asked.

"Exactly," responded McKenney, and the whole bench joined Justice McKenna in a chuckle over his slang of yesterday.

Half of the town of Middlesboro was under water, which in some instances was up to the second floor of houses. Five trestles on the Mingo Hollow railroad were washed out. Coal mines were flooded and 7000 miners are temprarily thrown out of employment.

As far as known there were no fatalities.

Congressman to Feast on Dik-Dik and Kori-Bustard

NEW YORK, April 5.—Forty pounds of assorted African meats kept fresh in cold storage and fifty pounds of dried African meats will grace the board at a dinner to be given here tomorrow night by Captain Fritz Duquesne, a well-known sportsman, to a party of congressmen. The menu will include such delicacies as roasted dikdik, fried koodoo, broiled giraffe steak, broiled klipspringer and croquettes of kori-bustard. Captain Duquesne believes that Uncle Sam should import certain varieties of African wild animals and turn them loose to multiply in the forests and plains of the south and west. The animals which the congressmen are to sample are not of a ferocious variety and would be easy to raise in this country, the captain believes. It will be partly at Captain Duquesne's suggestion that Representative Broussard of Louisiana introduced last December a bill providing for the importation of 50,000 African beasts.

Smallpox Victim, Wife and Child Lost in Mountains

FORT COLLINS, Colo., April 5. — With the man suffering from smallpox, Calvin Miller, his wife and their seven-months-old baby are lost in the Medicine Bow mountains somewhere between the Laramie river station of the United States forestry service and the settlement of Elkhorn, 50 miles west of here.

Searching parties have been able to make little headway because of the snow which lies from three to five feet deep in the mountains.

Miller with his wife and baby arrived at the forest rangers' station from Elkhorn yesterday, hauling a scanty supply of food and some bed clothing on a sledge. He was suffering from smallpox which had broken out after his departure from Elkhorn, and was given one of the rangers' cabins until medical aid could be obtained.

Later it was discovered that the Millers had left the cabin and the trail of their sledge led back into the mountains from which they had come.

Pretty Girl Runs Bill for Finery and Then Disappears

BERKELEY, April 5.—Explaining that she wanted to go to a party that night and that her laundry had not yet arrived, a pretty girl of about 17 years, dressed in a trim, navy blue tailor suit and a spring hat of the latest mode and new high-heeled shoes, negotiated the purchase of a rose-colored silk skirt and a suit of lingerie for $9.50 from the store of Mrs. Ella Rober[illegible] Telegraph avenue.

The girl, who was believed to be a high school pupil, gave her name as Miss B. Burke, and her address as 2705 Hillegass avenue.

The girl obtained credit, saying that she would pay the bill on an early date. Investigation proved that there was no such number on Hillegass avenue, a vacant lot being located at that point. The case has been reported to the police.

Shouts of laughter and applause from both sides greeted his declaration that "I never felt less like dying than I do now."

THE PAPER THAT PRINTS THE NEWS GETS THE BUSINESS

The paper that prints the news is the paper that gets the subscribers and the advertising.

What is the reason THE TRIBUNE maintains thirteen linotype machines and two gigantic perfecting presses capable of producing 70,000 newspapers per hour? Draw your conclusions from these comparisons:

Yesterday THE TRIBUNE printed a twenty-page paper containing seventy-eight columns of pure reading matter.

The San Francisco Bulletin printed an eighteen-page paper containing sixty-one columns of pure reading matter.

The San Francisco Post published a twelve-page paper containing fifty-one columns of pure reading matter.

The Enquirer published a twelve-page paper containing thirty-four columns of pure reading matter.

There is a moral to be drawn from this comparison and that is that when you read THE TRIBUNE you get all the news.

The comparison of newspapers above given is also an answer to the question: Why does THE TRIBUNE need two giant perfecting presses and thirteen linotype machines?

PRESIDENT URGES RECIPROCITY BILL

Brief Message Is Sent to Congress by the Chief Executive.

(Continued From Page 1)

mercial. While the general subject was under discussion by the commissioners I felt assured that the sentiment of the people of the United States was such that they would welcome a measure which would result in the increase of trade on both sides of the boundary line would open up the reserve productive resources of Canada to the great mass of our own consumers on advantageous conditions, and at the same time offer a broader outlet for the excess product of our farms and many of our industries.

"Details regarding a negotiation of this kind necessarily could not be made public while conferences were pending When, however, the full text of the agreement, accompanying correspondence and data explaining both its purpose and its scope, became known to the people through the message transmitted to Congress, it was immediately apparent that the ripened fruits of the careful labors of the commissioners met with widespread approval. This approval has been strengthened by further consideration of the terms of the agreement in all their particulars. The volume of support which has developed shows that its broad national scope is fully appreciated and is responsive to the popular will.

CALLS ATTENTION.

"The House of Representatives of the 61st Congress after the full text of the arrangement with all the details in regard to the different provisions, had before it as they were before the American people, passed a bill confirming the agreement as negotiated and as transmitted to Congress.

"This measure failed of action in the Senate. In my transmitting message of the 26th of January, I fully set forth the character of agreement and emphasized its appropriateness and necessity as a response to the mutual needs of the people of the two countries as well as its common advantages. I now lay that message and the reciprocity trade agreement as part of the present message before the 62d Congress, and again invite earnest attention to the considerations therein expressed.

"I am constrained in deference to popular sentiment and with a realizing sense of my duty to the great mass of our people, whose welfare is involved, to urge on your consideration early action on this agreement.

"In concluding the negotiations the representatives of the two countries bound themselves to use their utmost efforts to bring about the tariff changes provided for in the agreement by concurrent legislation at Washington and Ottawa.

"I have felt it my duty, therefore, not to acquiesce in relegation of action until the opening of the Congress in December, but to use my constitutional prerogative and convoke the 62d Congress in extra session in order that there shall be no break of continuity in considering and acting upon this most important subject.

"(Signed) WILLIAM H. TAFT.

"The White House, April 5th, 1911."

FOUR-HOUR DEBATE.

As soon as the House was called to order today Chairman Henry of the committee on rules presented for consideration the special rule limiting general debate to four hours.

Representative Norris, the insurgent leader, asked that individual amendments to the rule be permitted. Henry said the rules were a party measure and that opportunity was given for a vote on sub-rules proposed by the Republican party.

Answering this, Norris said that as between the rules of the old Congress and those proposed by the Democrats he preferred the latter, although he would like to have an opportunity to amend even the Democratic rules.

SPECIAL RULE ADOPTED.

Minority Leader Mann demanded the yeas and nays on the adoption of the rule for the consideration of the rule for the consideration of the rules, and they were ordered.

The special rule was adopted by a vote of 198 to 135, and Mr. Henry of Texas, the chairman of the rules committee, opened the debate on the proposed new rules.

The Republican substitute for the Democratic code of rules was offered by Mann. It provides for the use during the extra session of the rules of the last Congress and for an investigation and codification of the rules before next December.

Mann explained that his resolution was similar to the one Champ Clark had offered at the opening of Congress two years ago.

EXPLAINS RULE.

Chairman Henry of the rules committee entered into a careful explanation of the proposed Democratic rules, especially those providing for the election of the standing committees of the House instead of their appointment by the Speaker and the "retrenchment amendment." The latter, he said, will permit reductions to be made in appropriation bills on the floor.

"If there is any one subject that needs attention it is that of the appropriation of the public money," said Henry. "This amendment to the rules will enable us to cut down appropriation bills by millions of dollars."

NOTED NEW YORK BEAUTY ATTRACTS ASTOR'S NOTICE

MISS MADELINE FORCE, to whom John Jacob Astor has been paying attention.

NEW YORK, April 5.—That Miss Madeline Force, one of the beauties of New York's smart set, is the object of much attention on the part of John Jacob Astor, is positively known by members of the 400. That Astor means to make the beauty his wife is not known, but society isn't backward in hinting at it and whispering the hint among its members.

Miss Force is a very young woman, while Astor has a grown son, to say nothing of a divorced wife. He refuses to back up the report or say anything about his friendship for Miss Force, not even to his intimate friends. So the rumor remains a rumor and is due to stay so for some time.

WOUNDED POLICEMAN IS AGAIN ON DUTY

Superintendent of Police Adelbert Wilson reported this morning that J. R. Lehnhardt, the young special policeman shot down by a gang of thugs after Secretary Charles H. Singleton of the Claremont Country Club had been beaten and robbed, has entirely recovered and is again on duty on the force. Policeman Leonhardt was shot just four weeks ago, and for several days his recovery was despaired of.

BRADBURY TURNS RANCHER.

SAN RAFAEL, April 5.—Millionaire Bradbury of Corte Madera has decided to spend the rest of his days in peace on a beautiful ranch on the outskirts of Petaluma. The early part of this week he was in Petaluma and closed a deal with George McFarland whereby he acquires a 20-acre ranch on the line of the electric road near Caldwell station.

CHINESE SLAVE GIRLS CAPTURED

Oakland Police Head Early Morning Raid on House at Second and Harrison.

Thinly clad in the silks of the Orient, and weeping and screaming at being torn from their masters, four Chinese slave girls were captured in a house conducted by Chinese at Second and Harrison streets, at an early hour this morning by United States immigration officials and a posse of Oakland police under Inspector Charles Bock. The four girls were taken to the city prison, where they kept the prisoners in the jail awake for hours with their cries. They were turned over to the immigration office this morning, to be taken to Angel Island, and probably will be deported.

The women are charged under the federal statute, which makes it a felony to import alien women for immoral purposes. The four Chinese girls, ranging in age from 21 to 26 years, were smuggled into the port recently and secreted in a Chinese den at 317½ Second street.

By underground routes information came to the immigration officials as to where the girls had been placed in hiding by their Chinese masters. Plans were carefully laid to capture the quartet of women, and their names and descriptions carefully prepared. The assistance of the Oakland police was asked, and a squad under Inspector Charles Bock of the Oakland department headed the raid.

The capture was effected at 2:30 this morning when Inspector Bock and his men surrounded the place at Second and Harrison streets and at a given signal broke in. No trace of the girls was found until several secret rear rooms were entered, where they were found, each in a separate room.

The slave girls made every effort to evade capture, as the fear of the immigration officials and the American police is drilled into their minds by their masters day after day. They were permitted to throw some warmer garments around their shoulders and were carried screaming and shivering with cold to the patrol wagon.

At the city hall the four girls were placed in cells and through the remaining hours of darkness kept up a continual wailing cry. This morning they were delivered to Dr. John E Gardner of the federal immigration office, Inspector of Immigration F Watts, Jr., and John A. Robinson deputy United States immigration officer. They were taken to San Francisco and removed to the station at Angel Island, pending an investigation of the case.

The women probably will be deported. The four arrested were: Tam Lan Tai, aged 26; Leung Yuel You, aged 23; Fan Sin, aged 22, and Fan Lan Fai, aged 21. All were of exceptional beauty of the Oriental type.

CARTER HARRISON THANKS MR. HEARST

CHICAGO, April 5.—Mayor-elect Harrison said last night: "While I feel that this is a personal victory and a gratifying vindication, in view of the outrageous attacks that were made upon me by the newspaper advocates of special privileges, still I realize that the victory was made possible and achieved through the aid and encouragement given to me by William Randolph Hearst, Mr. A. M. Lawrence and the two Hearst newspapers, the Chicago Examiner and the Chicago American. Without Mr. Hearst and his powerful exposition of the progressive, honest and efficient policies for which I stood, the victory would have been impossible. I am grateful to all my friends for their support and their good wishes, but the support that was absolutely invaluable in this successful campaign for the rights of the people as against the privilege-seeking interests, was the support of Mr. Hearst, who once more proved how intense is his interest in the public welfare by coming from New York and with his greatest writers and artists, taking personal charge of his newspapers' campaign in my behalf."

'I'LL BE PERSONALLY RESPONSIBLE,' DECLARES MAYOR-ELECT HARRISON

CHICAGO, April 5.—Carter H. Harrison, Democrat, has been elected mayor of Chicago for the fifth time. His plurality, judged by 75 per cent of the returns, as first brought in, was about 18,000.

Prof. Charles E. Merriam, his Republican opponent, conceded the election to Harrison at 6.30 p. m., two and a half hours after the polls closed, but said the results were such as would give him hope for another contest.

Scrutiny of the returns by ward and precinct show that Professor Merriam was given nearly 7 per cent less votes than given Busse, Republican, four years ago, while Harrison ran more than 17 per cent ahead of the figures of Dunne, Democrat, at that time. The vote reached about 340,000, which is approximately 25,000 more than the record at the last mayoralty contest.

In spite of this, both sides agreed that Merriam lost through failure of the "silk stocking" wards to show the strength that had been expressed in favor of the college man. The first few precincts indicated that while the totals were in favor of Merriam, his percentage, compared with four years ago, was falling off, while his opponent was bringing in unexpected returns.

While the first ward gave its usual Democratic plurality, it was not alone from this and the river wards that Harrison drew his support. His eight years' service in the mayor's chair drew many votes his opponent had counted on, and his promise of 70-cent gas was said by his managers to have had a great influence with the West Side wards, where he showed unexpected strength.

STATES PURPOSE.

"I propose to give to Chicago a Democratic administration," said Mayor-elect Carter H. Harrison, after the returns from yesterday's election were all in. "I shall be personally responsible for the conduct of departments and I shall name men for the heads of departments who are personally known to me and whom I consider my personal friends. That has been my policy in times that are past. It is a perfectly safe forecast that there will be an entirely new list of cabinet officers.

"My promise is not out to any one for any appointive position," the mayor-elect declared. "No promises have been made of any kind. I have chosen no one for anything and no one will know who is on the list until it is submitted to the city council."

EUROPEAN SINGER HAS ARRIVED HOME

Mrs. William Buchanan Taylor to Spend Several Weeks With Parents.

ALAMEDA, April 5.—Mrs. William Buchanan Taylor, formerly Anne Louise Daniells, who is now one of the most noted European concert singers, arrived from England last night for a visit of five weeks with her parents, Mr. and Mrs. T. G. Daniells, at their home, 1202 Chestnut street.

Mrs. Taylor made the trip on the Mauritania from London. She was met at the Oakland mole last evening by her parents and many friends anxious to welcome her home. Mrs. Taylor has been abroad more than two years since her last visit. Her first years of travel began about seven years ago, when she went to Germany to study under the noted music masters. She will return to England in June in order to fulfill contracts which begin in the early summer.

Mrs. Taylor's home is now in Manchester. Her husband is the dramatic critic of a Manchester and London daily publication.

COLORADO SPRINGS TO SLAKE THIRST

"Wets" Score Victory in the Western City After a Hard Fight.

COLORADO SPRINGS, April 5.—Principally for the benefit of the tourist who desires to slake his thirst in something stronger than ice water after a day spent in sightseeing, Colorado Springs reversed its attitude yesterday on prohibition, and by a majority of 932 out of a total vote of 9518 decided upon a plan of restricted liquor selling which permits hotels of seventy-five rooms or more to serve its guests, and allows drug stores to handle bottled goods. Clubs of five years' standing will be permitted to maintain a bar for the use of their members. Under a clause in the original deed to all property in the city, saloons cannot operate at any time.

The fight on the liquor question was the most bitter in the history of municipal politics, the vote cast yesterday being 50 per cent larger than that of two years ago, when prohibition was adopted. The woman vote was large and the "wet" victory is ascribed largely to the fact that an unusually large percentage of the women voted against prohibition.

The effect of prohibition on tourist business was made the principal issue by the anti-prohibitionists.

DENVER, April 5.—By the bitterness of the fight between the "wets" and "drys" in this State yesterday, Colorado has established a record for close elections, the opponents of prohibition winning in three towns by majorities of one and two. Burlington and Las Animas changed from "dry" to "wet" by two votes each, and Colorado City kept itself in the "wet" column by a single vote out of a total of 1485.

In Colorado City a clergyman, the Rev. Duncan Lamont, headed the "wet" ticket. Lamont was defeated for mayor, however, by his "dry" opponent, H. J. Hamble.

RAILROAD CONDUCTORS TO BOOST THE STATE

C. E. Baughman, head of the Order of Railroad Conductors, was at the meeting of the exhibit of the Chamber of Commerce yesterday to get the assistanceof that body in procuring California products for the commissary for the special Southern Pacific train that will take the California delegation to the Railroad Conductors' convention scheduled for May next at Jacksonville, Florida.

He was assured of the hearty support of the committee, it being the sense of the body that the plan will be a great advertisement for California, as the train will stop at all the principal cities on the trip.

Baughman stated that the order had invited the governors of each State, through which the train will pass, to meet the delegates and that the executives would be supplied with literature giving information regarding California of interest to home seekers.

One of the attractive maidens is espoused to Jun Jino, a cook in Alameda, and all are anxiously awaiting the result of the proceedings in the case of Tane Murase, which comes up before Judge Graham tomorrow.

Only the intervention of her friends saved her from the plunge intended for her by her husband, with whom she had quarreled. She cites another incident when she asserts he returned home and beat her.

JUDAEN THEATER PARTY PROVES GREAT SUCCESS

The theater party given last evening by the Judaen society at Ye Liberty playhouse was a gratifying success. The members of the organization had as their guests representatives from the various clubs and fraternal societies of the bay cities, who assisted in swelling the fund of the organization.

Next Wednesday evening twenty-five members will be initiated into the club, which was organized about two years ago, with about half a dozen young men, since that time growing steadily until it now has an enrollment of 75 active workers.

The official staff of the Judaen is headed by Edward Schary, who, with a committee composed of Ernest Eisenberg, Louise Weiss, M. Schoenfeld, M. Goldman and Percy Cohen, are planning a series of affairs for the year.

POISONS MOTHER TO HIDE THEFT

San Jose 11-Year-Old Boy Confesses Attempt to Murder.

SAN JOSE, April 5.—Robert Nicholls, an 11-year-old boy, was brought before the Juvenile Court today to answer a charge of having systematically poisoned his foster mother, Mrs. Mary Bazus of Los Gatos, to cover up the alleged theft from her of $200, which she received a short time ago as damages for injuries from the Interurban Railroad Company. The lad is accused of administering rat poison to her.

That Mrs. Bazus was not killed was probably due to the fact that the poison was given in small and graduated doses and her system became fortified against the drug, although it is believed that she was fed the greater part of two boxes.

The knowledge of the condition of affairs in the Bazus household came about by accident. Mrs. Bazus had been in ill health for a considerable length of time and of late her condition had become alarming. Her physician thought that he noticed symptoms of arsenical poisoning and asked her if she was addicted to its use.

Putting two and two together, the mother's suspicions were finally aroused, and she confided in her attorney, H. A. Hardinge. The lad was questioned closely by the lawyer, and finally admitted, it is reported, that he gave his mother a quarter of a teaspoonful of the poison in a glass of water. Each morning she had been drinking a glass of water according to the directions of her physicians, and the boy usually brought it to her.

Macey, Santa Barbara, treasurer.

STRIKE IMPENDING.

SAN JOSE, Cal., April 5. — A strike in the printing trades of this city is impending, which will affect the three principal newspapers and job printing offices. The local Typographical Union has made demands for an increase of 50 cents per day for linotype men and job men, which the publishers have refused to grant.

GAYNOR DENIES VICE IS RAMPANT

Declares Streets Are Cleared of Women and Saloons Are Behaving.

NEW YORK, April 5. — Criticism of the police for alleged failure to arrest women of the street is answered by Mayor Gaynor in a letter to Chief Magistrate McAdoo published today. Never were so few saloons open on Sunday, the mayor asserts, or the streets cleared of unfortunate women. The police commissioner's report for last Sunday shows that there were but 27 violations of the excise law in 10,775 barrooms, the mayor declares. An unusually close watch was kept on every saloon in the city, he adds, and the remaining 10,745 saloonkeepers complied with the law.

"This statute was put in force for the first time after I became mayor and has been steadily enforced," the letter read, "and yet I suppose some good people believe the extravagant statement that the barrooms are wide open on Sunday. Instead of less than twenty unfortunate women having been brought into court and dealt with since Mr. Cropsey became commissioner, as is being asserted by persons whose heads are filled with what they call vice, 1429 have been arrested and tried, of whom 1307 were actually convicted. But I do not mention this in any note of exultation or triumph."

ONE DEAD AND ANOTHER UNCONSCIOUS FROM GAS

SAN FRANCISCO, April 5.—Ignorance of the manner of extinguishing a gas light resulted in the death of Julius Gamuna, 55 years old, at an early hour this morning. His companion, S. Yonholtz, aged 35, narrowly escaped asphyxiation, and is still in an unconscious condition at the Harbor Emergency Hospital.

The two men, who it is believed are strangers in the city, took lodgings in the Helvetia Hotel, 637 California street, early last evening. This morning Morse Patrolmen C. J. Burke and John Doherty, chancing to meet on their respective rounds, stopped for a moment in front of the hostelry. In a few seconds they became conscious of a strong odor of gas, and investigating, discovered Gamuna gasping for breath on a couch and Yonholtz on the floor nearby.

An ambulance was summoned, but Gamuna died en route to the hospital. Yonholtz, according to Dr. Howell, has a chance of recovery.

Raymond Austin, 19 years old, was killed by a Santa Fe train while trying to cross the tracks on a motorcycle. Verne Rowery, also of Pasadena, who was riding with Austin, escaped injury. Austin's body was badly mangled.

Fowl Owned by L. A. Rudolph Lays Egg Weighing One-Third of Pound.

When Miss Mary De Vol of 1695 Adeline street, Oakland, walked into THE TRIBUNE office and displayed an egg weighing a quarter of a pound it looked like a record breaker, and it was—until L. A. Rudolph this morning walked in with an egg laid by his famous White Leghorn hen. The egg weighs almost a third of a pound and measures 8⅛ inches in circumference. Miss De Vols egg, the picture of which was in last night's TRIBUNE, measured 7¼ inches. Rudolph is deputy clerk in Judge Well's office and is an ardent advocate of eggs being sold by the pound.

Beside the large one, are two eggs laid from his Plymouth Rock hens. These two are but slightly smaller than the other and weigh about one and a half as much as an ordinary-sized egg.

CHASE ACCUSED WOMAN SMUGGLER

Chief of Secret Service Staff on Trail of Society Leader.

SAN DIEGO, April 5. — Harvey Kilpatrick, chief of the secret service staff of William T. Loeb, collector of port of New York city, left here hurriedly late yesterday for Los Angeles on the trail of a woman who is suspected of having smuggled gowns to the value of $60,000 through the custom house at New York city a few months ago.

It is impossible to learn the woman's name, but it is known her home is at Lenox, Mass., and she is one of the most prominent in the exclusive social circles of the east. She came to Coronado two weeks ago and Kilpatrick followed a few days later. For ten days he shadowed the woman, waiting for her to wear one of the contraband gowns. He planned to take her into custody, search her apartments and confiscate the other Parisian dresses which she is known to possess and on which she failed to pay the duty. She learned that she was being shadowed last night and left hurriedly this morning. She purchased a ticket for Los Angeles. From there she plans to go to Santa Barbara and may possibly change her itinerary and go through to San Francisco.

Knowledge that the woman smuggled the gowns was gained by Loeb as a result of the woman's boasting of her achievement. That she did not wear any of the gowns here is due to the fact that she did not attend any of the social functions at the fashionable hotel, although she was invited to attend a party tomorrow night.

CROKER ADVANCES IDEA ON RACING QUESTION

NEW YORK, April 5.—Richard Croker, formerly Tammany Hall leader, held his final reception at the Democratic Club last night before sailing today for Ireland, where he will spend the summer. Mr. Croker had little to say on politics, but said that he had evolved a scheme to solve the difficulties of lovers of horse racing.

"Why not make the racing question optional locally, as the liquor traffic is controlled in a great many sections?" he asked.

"Take Saratoga, for instance. The majority of the people there would like to have horseracing. Let each community vote on the matter.

"I believe this would prevent all evils, for each place that votes for racing would see to it that everything was run as it should be."

WRECK OF WEBER TO BE BROKEN UP

Vessel Is Total Loss; Members of Crew Lose All Their Belongings.

The river steamer Captain Weber, belonging to the California Transportation Company, which was gutted by fire at the Webster street wharf yesterday, causing one of the most spectacular blazes in the history of Oakland's waterfront, will be wrecked within a day or two. The vessel, which is sunk to her deck line and is resting in the mud, will have to be raised before the extent of the damage to the hull can be estimated. A. E. Anderson, president of the California Transportation Company, looked over the vessel yesterday afternoon and estimated the loss at $90,000, considering the vessel a total loss. A day and night watchman are now in charge of the ship. The engines and other machinery were not reached by the fire and will be taken out.

Until the Weber is gotten out of the way the California Transportation Company's freighters will tie up at the city wharf occupied by the Direct Transportation and Fuel Company, where the Rio Rey, of the Draymen's Line also docks. The whaler Lettitia, which barely escaped catching fire yesterday, being docked in the same slip as the Captain Weber, is back at her old mooring fitting out preparatory to going north. She was towed out into the stream by the tugs Pirate and Dixie.

The company carries its own insurance on all its vessels. The crew lost all their clothing, not having time to save any.

About two years ago the transportation company lost the river steamer Isleton, in a similar manner on the Sacramento river. She caught fire while in a slip.

OUTSIDE FIRMS TO GET LICENSE

Must Pay for the Privilege of Doing Business in Town of Pleasanton.

PLEASANTON, April 5.—At the earnest solicitation of the merchants of the town the members of the Board of Trustees have drawn up an ordinance regulating the license to be charged to outside firms who continually visit the town in their wagons and attempt to sell their wares by a house to house canvass. The provisions of the new ordinance are such that it is absolutely essential that a firm should have a regular place of business in the town, for which he must pay a license and a tax.

The merchants who are already established in the town are of the opinion that as long as they are expected to pay for their license and a tax for the charitable institutions, they should have some protection from the outsider from Oakland and San Francisco, who are taking all the trade at a large profit.

HUNDREDS RALLY TO SUPPORT OF MOTT

Letters, 'Phone Calls and Personal Application for Privilege of Aiding Mayor Sent to New Club

The meeting of the merchants of this city yesterday in the interest of the candidacy of Mayor Mott for re-election was followed by the receipt, by J. P. Edoff, president of the Business Men's Mott Club, which was organized as a result of the meeting, of about fifty letters and telephone messages setting forth the desire of merchants, manufacturers and artisans of this city to join in the campaign in favor of the present chief executive of this city.

These letters and messages expressed the regret of the senders at their inability to be present at yesterday's meeting, and set forth that they would be offended were they to be considered otherwise than as friends of Mayor Mott. They also showed that the owners were disposed to go to extremes to aid the mayor.

There was a meeting this morning of the assistants whom President Edoff has selected to aid him in the furtherance of the work of the organization and assurances were received that personal effort if necessary would be put forth for the purpose of making the campaign of the mayor as complete as possible.

ATTRACTED BY LETTER.

The tenor of the opinions of those present was expressed in the sentiment of a manufacturer and a merchant, each of whom gives employment to a large number of men and women. The manufacturer has resided here about five years, having been attracted hither by reference to the great progress which this city was making in a letter which he received from a resident of Oakland, who suggested that the man of industry come here and see what this town afforded him in the way of advantages to increase his business.

"I want to say that I am for Mayor Mott with all my heart and soul. It was shortly after he had been elected to office for the second time that I finally made up my mind to permanently settle in this city. I had been here during a part of his first administration 'looking over the ground,' and I noticed the manner in which he devoted himself to the affairs of the city. I could see that he was in favor of improvements and that he had the sympathy and assistance of the people. I could see that he was determined that nothing would be left undone to enable this city to attain the greatness which nature had intended for her, and these facts impelled me to open my place of business here. I bought a piece of property and erected a plant, and I am pleased to say that I am increasing my business every day. I have declined offers to re-locate in other places for the reason that, here, I can have my raw material delivered at the door of my factory, both by rail and water, and in the same manner I can ship the product of my factory to any part of the world.

IS BUSINESS MAYOR.

"I am business man enough to know that the Mayor, who has been a business man all his life, knows what a business man needs and I know that where business thrives everything else is in a prosperous condition. With a less energetic mayor than Mayor Mott this town would be still sleeping. With him at the head of the city for the next four years, there will be a continuance of the energy and the results which have characterized his administration and, as a consequence, I am looking to years of continued success. I know that many of my fellow manufacturers are looking in the same direction and are just as warmly in favor of Mayor Mott's re-election as I am."

There was a similarity in the views expressed by the merchant referred to, with the exception that the latter has been a resident of this city for a number of years. He stated, among other things, that he had resided here for a long time and recalled with bitterness the years when the people of this city were compelled to be satisfied with a mayor who made his living in San Francisco and came to this side of the bay only to go to his bed, rendering it impossible for the tax-payers of this city who were paying him to work for them, to consult him on municipal affairs. Under such a sustem of government, it was held to be impossible for a city to flourish.

SHOWS WHAT HAS BEEN DONE.

"The speaker then showed what had been accomplished during the active years of Mayor Mott's administration, the progress that had been made in every walk of life and the possibility of every citizen meeting the mayor to discuss with him any matter affecting his interests or his home or place of business.

The business men under the leadership of J. P. Edoff wield a powerful influence. They know what it means to have a business man who is in sympathy with all the classes in the community at the head of the city government and are determined that they will work ceaselessly to impres upon others the reasons they entertain for the re-election of Mayor Mott.

Last night there was a meeting of the Mott campaign committee at the headquarters at Thirteenth and Franklin streets. The committee is composed of personal friends and boosters of this city who have banded themselves together for the purpose of systematically carrying on the details of the campaign in favor of Mayor Mott. There are hundreds of the leading people in this municipality represented by the committee and they are to be found in all classes of the community.

There were many of the details of the campaign attended to and there is no doubt that the people in every section of the city will have an opportunity to hear the Mayor before the close of the campaign. Arrangements were made for meetings in Piedmont, Allendale, Enterprise hall, at Grove and Twenty-second streets; Murphy hall, at Eleventh and Broadway; Cameron hall, Thirteenth avenue; Dimond, Elmhurst and a number of other places. These meetings will be addressed by some of the finest speakers in this city who are acquainted with every issue which is now before the people.

On Friday night Frederickson is to be a guest of the Santa Fe Club in the northern part of the city and on Saturday will be heard at Allendale.

E. G. Buswell Jr., who while yet a young man, has been connected with the paint business of this city for many years, is a candidate for Commissioner No. 4. His method of campaigning is through the medium of his friends, many of whom are found in organizations of various kinds of which he has been a member for years.

WATSON GIVES BOND IN LAND FRAUD ALLEGATION

SEATTLE, April 5. — Frank Watson of Spokane, who was indicted by a federal grand jury in Chicago, March 16, for conspiracy to defraud the United States out of valuable coal lands in the Matanuska district, and for whom Judge K. M. Landis issued a bench warrant, appeared before a United States commissioner yesterday and gave $5000 bonds for his appearance for trial.

Under his direction the so-called Watson group of claims was located, and the indictment charges Watson with having procured dummy entrymen and sworn falsely to an agent's affidavit of posting notices and plats of claims before a notary public of Chicago and in Alaska.

JURORS BEING CHOSEN TO TRY JOHN W. WILSON

SAN FRANCISCO, April 5.—Five additional jurors were temporarily passed during the morning session of the trial of John Walter Wilson, accused of the murder of Henry Boas. Great care is being taken in the selection of the twelve men by counsel for the defendant and frequent objections are made to questions propounded by opposing counsel.

THOS. MARSHALL STATES PLATFORM HE HAS ADOPTED

THOMAS F. MARSHALL, who is a candidate for Commissioner No. 3.

Among the many candidates for commissioner No. 3 under Oakland's new charter there is one man prominently fitted for the position. Reference is made to Thomas F. Marshall, "the father of the new city charter," the chairman of Oakland's great charter convention.

Marshall is not in the fight of his own accord, but at the earnest and insistent solicitation of his friends, who through years of association know the sterling qualities and exceptional ability of the man.

He has been a resident of Oakland for 24 years and is a graduate of Queen's College, England. Four years ago, March, 1907, he began the fight for a new city charter, the results of which are known today to every citizen of Oakland.

KNOWS LOCAL NEEDS.

Because of his thorough knowledge of Oakland's needs, he was able to make on outline for a new charter, which, after eight months of debate, was accepted by the charter convention and later adopted almost verbatim by the board of freeholders, this being considered evidence of his mastery of the situation.

Thomas F. Marshall believes in municipal ownership and control, in a city and county consolidated government, in a conservative yet progressive business administration and in a complete and comprehensive development of the water front, which will make Oakland the metropolis of the Pacific Coast.

ALLENDALE HEARS DR. F. F. JACKSON

Candidate for Mayor of Oakland Addresses Gathering of Voters.

ALLENDALE, April 5.—Dr. F. F. Jackson, candidate for mayor, addressed the members of the Allendale Improvement Club and residents of this section at a meeting held last night in Allendale Hall. The tone of his address was a criticism of the failures and disregard of political promises of the present administration.

"Prior to the annexation election," he said, "the administration, backed up by the Chamber of Commerce, which, I regret to say, is largely an administration organization, promised you, among other things, a 5-cent car fare, with full transfer privileges, and reasonable service, the same to be put into effect immediately. The 5-cent fare was granted, not because of the promise of the administration, but because of the provision of the state law which requires that the street car fare in all incorporated cities shall not be more than 5 cents.

"The promise that the valuation on your property should not be increased and taxes should not be increased for five years has also been totally disregarded.

STREET WORK.

"The promise that the streets should be sprinkled and kept in repair the same as with the other streets of the city has been totally disregarded. The proposition that the annexed district shall receive a pro rata of office appointments has not only been totally disregarded, but an an attempt is now being made by the administration to give the annexed district no representation in the city government for four years to come.

"I would like to ask you if the teachers in the schools of the annexed district have been retained under the same rules and regulations as prevailed in the city of Oakland, as was promised. The promise that the library, now located in Fruitvale, should be maintained and the service enlarged has been absolutely ignored.

"You have heard these promises before. You have respected them and have found them to be worthless. Are you going to be misled by promises that these same people are making during this campaign?"

A. M. Thompson, past president of the State Federation of Labor, also spoke, favoring Dr. Jackson's candidacy, and other candidates addressed the meeting.

Tonight Dr. Jackson will speak in Cameron Hall, Thirteenth avenue and East Sixteenth street, and in the Melrose Central Hall, Forty-eighth avenue and East Fourteenth street.

Excursion Tickets to Blossom Festival.

Excursion tickets will be sold for morning trains of April 8 for Saratoga and return account annual Blossom Festival at $2.50 for the round trip, final return limit April 11. These tickets will be on sale at Southern Pacific offices, Alameda, Berkeley, Oakland, First and Broadway, and Broadway and Thirteenth streets, Oakland.

ENLIST SERVICES FOR F. C. TURNER

Prominent Residents of Oakland Address Appeal to the Voters.

A number of prominent citizens have enlisted their services in behalf of Frederick C. Turner, now city engineer, in aid of his candidacy for Commissioner No. 3, at the approaching municipal primary election.

A letter has been issued signed by the following:

P. E. Bowles	Walter S. Mackay
H. C. Capwell	Victor H. Metcalf
Guy C. Earl	William Noller
Benjamin Arlett	Samuel Bell McKee
James P. Edorff	Rev. A. W. Palmer
E. R. Folger	H. A. Powell
J. J. Hannifin Jr.	George W. Reed
H. F. Gordon	F. S. Stratton
William Pierse Johnson	George H. Strong
	H. G. Thomas, M. D.
A. Jonas	W. T. Veitch

It is set forth that nothing is more important than to have one of the commissioners a man technically competent and fully equipped in every way, both as to ability and integrity as an engineer.

Comment is made upon the fact that Turner has an enviable record of twelve years in the position of city engineer, which is all the endorsement that could be desired.

The voters are urged to work for Mr. Turner for the position of Commissioner No. 3. Enlishments are also requested for the Central Frederick C. Turner Club.

The executive committee of the organization thus far consists of Victor H. Metcalf, Frederick S. Stratton, Guy C. Earl, George W. Reed and H. F. Gordon. The secretary is H. F. Gordon. Advocates of the movement already show a list of 1100 members of the club, and it is confidently expected that with the efforts now made the number will be increased to at least 5000 within ten days.

LETTER TO VOTERS.

The letter is as follows:

To the voters of the City of Oakland: At the primary election to be held on the 18th day of April, 1911, for municipal officers, there is nothing, in our opinion, more important than to have one of the commissioners a man technically competent and fully equipped in every way, both as to ability and integrity, as an engineer.

Frederick C. Turner is a candidate for position of Commissioner No. 3. His record of twelve years in the position of city engineer is, without further comment, all the endorsement that could be desired. We wish, however, to urge you to vote and work for him for the position of Commissioner No. 3, and to that end we are desirous of forming a Central Frederick C. Turner Club.

We would be very much gratified if you would forthwith announce on the enclosed postal your co-operation with the ideas above expressed, and your willingness to join such a club.

NOY CLUB PLANS MANY MEETINGS

Prominent Speakers to Address Open-air Rallies Before Election.

ALAMEDA, April 5. — The W. H. Noy headquarters were opened yesterday in the new Alameda Savings Bank building at Park street and Central avenue, with Spencer Brush in charge of the bureau. The Noy campaign committee, which is working to secure a large majority of votes for W. H. Noy in the mayoralty race, held the first meeting since it organized yesterday afternoon and planned a week of rallies and active canvassing before the day of election, next Monday.

The campaign club is composed of the most influential citizens in the city who represent every walk of life. The committee is using Mayor Noy's present administration as the strongest argument for his re-election to office.

Joseph F. Forderer, defeated candidate for mayor, who opposed Mayor Noy at the last municipal election, has come out strong as a supporter of Noy, for whom he will cast his vote at the polls Monday. Forderer will return from a short trip East Saturday, and will probably attend the closing rally of the Noy campaign Saturday night.

In a recent talk with one of the men who supported him at the last municipal election, Forderer stated that Mayor Noy had accomplished all that was possible in the way of improvements during his administration and that he could not have made a more honorable and efficient executive.

An open air rally will be held under the auspices of the Noy Club Thursday night at Webster street and Santa Clara avenue. The speakers will be Mayor Noy, Assistant District Attorney W. H. L. Hynes, Dr. Tom Carpenter, Samuel Poorman Jr., Frank Otis, Alexander Mackie and others.

The closing rally of the campaign will be held Saturday night at Central avenue and Park street. Mayor Noy, Alexander Mackie, Charles R. Smith, Harry Sheramsky, Samuel Poorman Jr. and others will speak.

The Noy headquarters are crowded daily with voters who are pledging themselves to cast their ballot for the popular candidate.

TAKES OFFENSE AT CANDIDATE'S CHARGE

Editor TRIBUNE: I have before me a copy of an article published in the editorial column of last Friday's issue of THE OAKLAND TRIBUNE in which a certain candidate for the fourth commissionership to be voted for at the coming nominating election, receives special mention, and those running with him on the same number are referred to as "alleged candidates" and "have not the ghost of a show."

I most respectfully beg to advise that the undersigned is one of those candidates and my candidacy is not lacking in sincerity or honesty of purpose. I have declared myself before the people of Oakland for commissioner No. 4 upon a promise for a clean, economic administration of the citys' affairs upon a business basis.

I cannot believe that there is any intent on the part of THE OAKLAND TRIBUNE to show me any discourtesy, at the same time I do not feel that I should allow the article to pass unnoticed by me and without indicating to you my disapproval of the same. Yours respectfully,

E. G. BUSWELL, JR.

'LILARTHA'S' WIFE STIRS UP ROW AT COUNTY JAIL

MRS. JACK JOHNSON, whose visit to jail has caused trouble.

FARMERS TO AID FIGHT ON PESTS

Supervisors Ask That War Be Declared on Ground Squirrel.

The county supervisors as a committee of the whole instructed the district attorney this morning to prepare notices for publication in the county papers and for radoption at the next meeting of the board informing the farmers throughout the county of their duty under the law to aid the federal authorities in the crusade inaugurated for the extermination of the ground squirrel pest on their promises as a preventive of the spread of the bubonic plague, in order that the work may be carried out expeditiously and the county relieved of the expense of keeping special inspectors in the field.

Chairman Horner reported that the farmers in his district were all ready to co-operate, but they needed to be fully informed of what the law required them to do. In his opinion, the proposed notice, if promptly given out, would result in such effective work being done by the farmers throughout the county that it might not be necessary to keep the special county inspectors appointed more than one month in the field. If publicity of the law's requirements were delayed or not widely made it might result in the necessity of keeping the inspectors in the field for an indefinite number of months.

COLLECTOR SEEKS A SHARE OF BAD BILLS

SAN FRANCISCO, April 5. — Charles Fisher, a collector, has filed suit against the Pacific States Telephone Company for $2000, which he alleges is due him on commissions for bad bills collected for the company during the last four years.

MATRON OBJECTS TO GIVING ROOM

But Mrs. Jack Stays at Bastile All Night Just the Same.

SAN FRANCISCO, April 5.—With her diamonds, her maid, her automobiles and her big husband, world's champion, Mrs. Jack Johnson has aroused no small amount of envy among the matrons of the county jail, where, according to a story which has just come to light, she remained a guest last Wednesday night, domiciled in the apartments of one of the under-matrons, much to the chagrin of that person and the embarrassment of the whole corps of officials from Under Sheriff Charles Hamilton and Head Matron Mrs. Lizette Ryan down to the chambermaid, erstwhile prisoner, who was forced, it is said, to wait upon the guest.

Pugilist John Arthur Johnson, who is serving a 25-day sentence in the Ingleside institution for having repeatedly violated the city laws governing the speeding of automobiles on the city thoroughfares, received a call from his wife on Wednesday, a week ago. She arrived at the jail early in the day, took luncheon with her husband, whom she greatly admires, and at his earnest invitation remained for the boiled bean and hardtack dinner in the evening. After the repast they whiled away several hours in conversation and at cards, while Mrs. Johnson awaited her automobile that was supposed to call to carry her back to the city.

GROWS DARK AND LATE.

It grew dark and late; still the car did not arrive and, unwilling to entrust herself to transportation by street car, with the risk of being robbed of the several thousand dollars' worth of diamonds and jewelry which she wore, she asked permission to remain for the night.

Mrs. Nellie Ryan and Mrs. Janet O'Brien, in charge during the absence of the head matron, took matters into their own hands, it is said by those disgruntled over the matter, and forced an under-matron to give up her room for the visitor and her maid. With prisoners to wait upon her, her husband not far away and safely ensconced for the night, all went well until the next day, when Dame Gossip took charge and from one and another of those who had catered to the whim of the pugilist's wife, she pieced the fabrics of the tale. Then she spread it and, like infection, it rooted deep in the dignity of those who felt that they had been trammeled, to the elation of an intruder.

KNOWS SHE WAS THERE.

"I know that Mrs. Johnson remained at the cottage all night last Wednesday," said Mrs. Janet O'Brien, "but I am not in charge of the cottage or its affairs, so I have nothing to say about the incident."

"I was not at the jail last Wednesday evening," said Mrs. Lizette Ryan "so I know nothing of the matter personally, though I have heard that Mrs. Johnson stayed there all night. Even if I did know more, I could hardly be expected to talk about it."

In the meantime the colored pugilist continues to reside there, although visits from his wife have been less frequent. Yesterday he appeared before Police Judge Weller to answer a charge preferred several weeks ago. The charge was dismissed, the court holding that as Johnson was already under a jail sentence from another court, judgment for his offense would be satisfied in view of the fact that he had paid $100 fine but a short time ago. The authorities have so far refused to consider granting Johnson parole, and it is likely that he will be forced to serve out his term.

FRANK K. MOTT CAMPAIGN COMMITTEE

The Difference Between Talking and DOING

Let us reason together for a minute.

What was Oakland engaged in up to 1905?

Talking, holding mutual admiration meetings, passing resolutions and assuming a very wise look.

What has Oakland been doing since the time Mayor Frank K. Mott first took office?

DOING THINGS! and lots of things.

The Mott administration started to do things when it first took office.

During the past six years look at the progress of our city. Due to Mayor Mott? Certainly not. Due to every citizen's confidence in his or her city, and in the man who has guided it.

Each succeeding year has added to the city's growth and naturally has vastly increased the Mayor's usefulness because of his experience with Oakland's business affairs.

Now then, would it not be folly to change managers when all is running so smoothly and well?

There's no politics in it.

It's purely a matter of business.

"WAVE MOTOR" TROUBLES MATRIMONIAL SEA

SAN FRANCISCO, April 5.—Eugenia White and her husband Clarence were very happy in their married life while hewas a marble cutter and worked at his trade. When, however, as the pet product of his brain, he invented the "wave motor," troubles began to come, according to the wife's petition for a divorce today. She was forced to "slave" all day sewing on garments to support herself and her daughter Laura, and White would occasionally take what money she had, she said. Finally oneday he ordered her from their home at 747 Joost avenue, and she says that life with him has become unbearable.

PARIS GREEN ROBED IN MANTLE OF SNOW

PARIS, April 5.—Parisians were astonished today by a brisk snow storm which gave a rather ghastly effect to the green of the newly leafed trees. Cold and snow are general through the country and much damage is being done to vegetables, fruits and flowers.

TERROR OF MILL VALLEY AT IDORA

Hope of Bruin Black Race Is Transferred to the Big Park.

There is a new addition to Idora's family of bruins. Benedict, the 18-months-old terror of Mill Valley and the hope of the black bear race has been transferred to Oakland's big amusement park, where he is now on exhibition.

Benedict, or, in deference to the length of his tail and for the sake of additional brevity, Ben, was brought out of the classic vales of Mill Valley yesterday afternoon. It took a dray, an express train, one steel shifting den, a ferry boat, seven bags of peanuts, the suggestions of 189 well-meaning passers-by, one sharp stick, and all the patience that Trainer Dan Wright could muster to effect the migration.

But it was done and at 10 o'clock last night Benedict snarled his way into his new home. With nice consideration for his name the keepers have not insisted that he mingle with the other bears but have given him bachelor quarters on the east side of the big steel den.

The reader will remember the havoc which was wrought in Mill Valley a fortnight ago when Ben broke from his quarters and played hide-and-seek among the exclusive residences of that locality. At that time it took the united efforts of Captain Staples, guardian of the ordinarily peaceful vale, and a score of volunteers enrolled from the social set to bring him to bay. After much excitement the truant was captured and placed in a yard at the rear of the picturesque bungalow home of A. Roullier, the well-known San Francisco clubman.

"He'll afford a little excitement out of the ordinary," said Roullier in telling Cyril Tobin and John Gallois of his latest addition to the bungalow.

He did.

BURGLAR RETURNS GEMS HE STOLE

Conscience - Stricken Crook Rifles House and Then Brings Back Loot.

Impelled either by qualms of conscience or fear of detection, a thief who had broken into the residence of Mrs. M. Fontaine at 852 Isabella street yesterday and had obtained jewelry valued at over $200, returned the gems wrapped in a newspaper to the back porch of the house and made good his escape ayain.

Taking advantage of Miss Fontaine's absence in the forenoon, the burglar broke into the place and boldly rifled bureau drawers and chiffoniers and jewel caskets. He obtained two bracelets, a breastpin pendant set with 20 diamonds, diamond set earrings, a gold watch, a solitaire diamond ring, two pearl rings and a ruby ring, in addition to some articles of lesser value. Mrs. Fontaine returned home, discovered the theft, and notified the police.

Detectives were detailed on the case and made an examination of the premises. Nothing was found. Later Mrs. Fontaine went to the rear porch for a broom and there found a package neatly done up in a newspaper, containing the missing jewelry. It is not thought probable that the affair was a practical joke, as the risk would have been too great. As the gems have been returned the police have ceased their investigations.

PUBLICITY MAN IS DEFENDANT

Marshall Douglass, Prominent as a Special Ad Writer, Sued for Divorce.

In her cross-complaint for a divorce, filed this forenoon in the Superior Court, Elsie Whittle Douglass accused Marshall Douglass, designer and publicity manager, earning a salary of $300 a month, with extreme cruelty. She declares that in December, 1906, Douglass willfully deserted and abandoned her and their two minor children at Portland, leaving them without funds and in a destitute condition.

Mrs. Douglass also charges that after her husband returned to his family and at Mill Valley in May, 1909, Douglass attacked her one day with his fists, beat her upon the head and body and attempted to choke and strangle her, and did not desist from the assault until he was overpowered by other persons present and compelled to desist. A month later, the cross-complaint alleges, Douglass chased his wife with a large knife, threatening to cut her to pieces.

Alleged cruelties of the same description were inflicted upon Mrs. Douglass, she alleges, in San Francisco subsequently, Douglass frequently getting intoxicated and striking her in the face until her mouth and nose bled tnd causing her cheeks and nose to become swollen and discolored and remains so for weeks at a time.

Aside from a decree Mrs. Dougless asks the court to award her the custody of the living minor child and $150 a month as alimony and for the maintenance and support of the offspring.

FIVE POSTOFFICE CLERKS SUSPECTED

Theft of Dead Letters Results in Summary Action Across Bay.

WASHINGTON, April 5.—Five women clerks were removed, three sister-workers and two men clerks reduced in the San Francisco postoffice following reports made by San Francisco postoffice inspectors covering alleged thefts of mail from the dead letter division.

Immediately after a conference with the postmaster general the first assistant postmaster general wired instructions to Postmaster A. G. Fisk at San Francisco directing him to discharge five of the women and reduce five other clerks.

Late in the afternoon Fisk wired a reply to the first assistant postmaster stating that the order had been carried out.

The investigation conducted by the inspectors, it was learned, had been in progress for more than a month. A week ago the final reports were sent to Washington and immediate action was taken.

Miss N. E. Edward and Miss C. Siton, two of the clerks dismissed, had been in the postoffice at San Francisco for a number of years. The names of the others who were dismissed have been withheld by the postmaster; and, following a rule long ago established in the department, the names of the disrated clerks were not given out.

PIONEER OF STATE DIES SUDDENLY AT MARYSVILLE

MARYSVILLE, April 5. — Justus Greely, one of the best known residents of Marysville, died while taking his customary siesta on the portico of his son's residence yesterday afternoon. Greely was a native of Maine, 81 years old, and came here in 1851, first mining in Calaveras. In the late fifties he conducted a store in Galena Hill, the once famous mining camp of this county, in partnership with the late N. D. Rideout, the well known banker. In 1869 he joined A. D. Starr and John Bowman in the Buckeye flour mills here, later being president of the company. He leaves one son, Fred H. Greely, County Auditor, and one daughter, who is the wife of Dr. David Powell. The funeral will take place tomorrow.

RUMORED OIL DEAL IS KEPT IN DARK

Associated Company Elects Officers But Makes No Announcements.

BAKERSFIELD, April 5.—Nothing developed at the annual meeting of the Associated Oil Company yesterday that sheds any light on the often repeated story that the Southern Pacific has sold its stock in the concern. Representatives of the railroad voted the majority of the stock as usual, and with one insignificant exception the old board of directors and all the former officials were re-elected.

Directors of the Associated who were interviewed following the meeting declared their lack of any information concerning the reported sale. It was freely stated that the railroad must sell its Associated stock in order to comply with federal anti-trust laws, and it was stated also that the same laws would prevent the Standard from purchasing the stock.

Directors were elected for the Associated and also for all the subsidiary corporations of the Associated. The directors of the parent company are as follows: W. F. Herrin, W. S. Porter, Frank H. Buck, Burton E. Green, O. Scribner, Rudolph Herold Jr., J. C. Kirkpatrick, Guy V. Shoup, E. T. Dumble, J. A. Chanslor, R. P. Schwerin.

W. F. Herrin was elected president, W. S. Porter first vice-president and general manager, O. Scribner vice-president and assistant manager, W. A. Sloan treasurer, and Miss Grace Sheridan secretary.

McCARTHY TO RETAIN FIRE CHIEF MURPHY

SAN FRANCISCO, April 5. — Mayor McCarthy put a quietus yesterday on rumors that have been flying around that Fire Chief Thomas Murphy was to lose his official head to make way for another.

Not only did the Mayor deny the report, but he stated that Murphy was discharging his duties with the highest degree of efficiency and faithfulness.

OIL KING TURNS HIS BACK ON SON

H. Clay Pierce Refuses Aid to Roy E. in Effort to Free Himself.

NEW YORK, April 5.—H. Clay Pierce of the Waters-Pierce Oil Company refuses to aid his son, Roy E. Pierce, in an effort to procure an annulment of the latter's marriage to Bessie Faulkner-Chapman.

Friends of the multi-millionaire oil man made this announcement for him and intimated that young Pierce was distinctly out of favor with his father, who, it is said, had been kept in ignorance of the marriage which was followed so quickly by a separation.

Roy Pierce met Betty Chapman while he was a student at Harvard in 1906.

She had been married to a member of the aristocratic Chapman family of Boston and the divorce awarded her later brought her an income of $25,000 a year.

Last year Mrs. Chapman had a series of photographs taken that showed her in wonderful poses. She had trouble with the customs officials on returning from her last visit to Europe, but insists that it was only due to her having sewed several Paris labels on American-made gowns.

Mrs. Bessie Faulkner-Chapman-Pierce is living with her mother at 220 West Fifty-ninth street. Her mother said she could make no comment on her daughter's matrimonial affairs. Her daughter, she added, was not at home.

ELECTROCUTED TRIMMING LAMP

SACRAMENTO, April 5.—Frank Irish, an old employe of the Sacramento Electric, Gas and Railway Company, was electrocuted at Eighteenth and N streets late yesterday just as he started to trim an arc light, which he had lowered from its hanger. Owing to the rain a heavy voltage passed through his body, causing instant death. He was 46 years old, and leaves a widow and one child.

There is one medicine that every family should be provided with and especially during the summer months, viz, Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford to be without it. For sale by Osgood Bros.' drug stores.

THE CAMPAIGN OF THE KNOCKER

DR. F. F. JACKSON finds his voice now to complain of the acts of the present municipal administration, but he could not find it to protest against San Francisco's attempt to gobble up Oakland. He was as dumb as an oyster when the battle to preserve Oakland's municipal independence was on.

However, Dr. Jackson could find his voice when the annexation election was pending to advise the people of the annexed district to vote against consolidation. He was not tonguetied then as he was when Oakland was battling to prevent forcible annexation by San Francisco.

Nor was Dr. Jackson silent when the water front bond issue election was pending. He obstructed that project as far as he could in the Council and after it was submitted despite his objections, he publicly announced himself as satisfied with the terms of the proposed improvements and would support the bonds; and then turned round and tried to defeat them. Now he is again finding fault with the improvements projected on the water front.

These facts attest the character of Dr. Jackson's sincerity and the quality of his civic patriotism. He wants to be Mayor and he is willing to support or oppose anything in the hope of gratifying his ambition. When he got the Mayoralty bee in his bonnet he became a kicker in the Council. He has been a persistent knocker ever since. He knocked the water front bonds, he knocked annexation, and if report does him no injustice he privately gave encouragement to the small contingent that was trying to betray Oakland and the surrounding towns to San Francisco.

In short, Dr. Jackson promises to be all things to all men in the hope of winning votes. He has no coherent policy and no regard whatever for consistency or the welfare of the community which he asks to trust him with the highest office within its gift. Naturally the Chamber of Commerce, which is the largest and most representative body in the city, is practically a unit against him. For that reason he sneers at the Chamber of Commerce and cries down every improvement the city has undertaken. Dr. Jackson represents nothing but an insincere, incoherent and unscrupulous ambition. All his appeals for votes are merely litanies of complaints in which common sense and the elements of truth are lacking.

Even the Socialist candidate is preferable to Dr. Jackson. At least he represents definite and coherent aims, and is not, like a jackass, trying to kick himself into office. Of all the candidates for Mayor before the people Dr. Jackson is the man the citizens of Oakland can least afford to elect. If he has any policy at all it is destructive. His utterances indicate that he would be an obstructionist in office and would set himself, in the event of his election, to the task of marring and distorting the plan of every improvement inaugurated in the city. He would try to prove his predecessor in the wrong by pulling his work to pieces, with the result that everything be thrown into confusion and brought to a standstill.

An Ideal Selection for Director-General.

A decisive step has been taken by the directors of the Panama-Pacific Exposition. We believe it is a good one and will be generally approved throughout the State. The election of a director-general has been awaited with keen interest, and now that Charles C. Moore has been chosen the choice will be hailed with general satisfaction. It is an assurance that a capable, energetic and popular man will be at the head of the exposition administration.

Mr. Moore has been an active promoter of the enterprise from the start. He is a good organizer and a tireless worker, and from the inception of the fair project he devoted himself ardently to making it a success. His tact, energy and resourcefulness assisted materially to the victory over New Orleans that San Francisco won in Congress. He inspired the citizens of San Francisco to put forth a united effort, and labored successfully to bring about an entente cordiale between San Diego and San Francisco. Whenever there was work to do Charles C. Moore was found active, persistent, indomitable. He will infuse his mercurial, indefatigable and optimistic activity into every department of the exposition management.

Mr. Moore is perhaps the most competent of all the available candidates for the position of director-general, and there was no lack of capable material to select from. It is a testimonial to his capacity that he should have been selected unanimously; that his fitness was so universally recognized no one appeared to oppose him. Several of the gentlemen who were suggested for the place declined to enter the lists, saying, "elect Moore; he fills the bill completely and will do all that human energy and faith can to make the fair a splendid success." In every perplexity the directors turned to Moore. He had shown his capacity to initiate and lead, and the directors were so sensible of the great responsibilities resting upon them and so sincere in their desire to insure the success of the mighty undertaking they have assumed that they sunk personal preferences and personal ambitions in selecting an executive head for the fair management. His selection, therefore, was not only a personal tribute to him, but a tribute to the generous character and high purpose of the men who elected him.

If the city had been run over with a fine-toothed comb no better men could have been selected for vice-presidents than the six selected to assist Mr. Moore in the administration of the fair. They are: R. B. Hale, William H. Crocker, I. W. Hellman Jr., M. H. de Young, Leon Sloss and James Rolph Jr. The executive committee of the board is composed of equally good material. The members are: A. W. Foster, R. B. Hale, M. H. de Young, William H. Crocker, I. W. Hellman Jr., Leon Sloss, Henry F. Fortmann, Frank L. Brown, James McNabb and Alfred I. Esberg, all good men of high standing.

The organization for active operations is now complete. All that is necessary as a preliminary to beginning the clearing of the ground and beginning the work of construction is the selection of a site. No doubt that will be done speedily, and then San Francisco can again show her speed. The achievement in the way of rebuilding the city will be duplicated in erecting the fair buildings and getting them in readiness for the opening. The directors have put their best foot forward. Let them keep it there.

George B. Cox, the boss of Cincinnati, has again been indicted. Will Colonel Roosevelt dine with him again when he visits Cincinnati?

The report of the State Bank Commissioner of Oklahoma rendered March 28th is instructive. It shows that between January 7th and March, 1911, the State guaranteed banks made a net loss of $5,032,503.31 in deposits. There was also a decrease in the number of State banks. During the same period eighteen State banks changed to national banks. These conversions carried away millions of dollars formerly credited to the State guaranteed banks. It is a noteworthy fact that the volume of deposits in the national banks is increasing, while it is declining in the State banks. The total deposits in the latter are now at a lower ebb than they have been at any time since November, 1909. Apparently the guarantee law has not inspired confidence in the State banks.

The citizens of Oakland are not going to give themselves an April fool as the voters of Berkeley did.

The expected has happened in Chicago. Carter H. Harrison has been elected Mayor over Professor Merriam, an irreproachable candidate who had the support of the more thoughtful and respectable elements in the city. In the primary election Professor Merriam won the Republican nomination by a tremendous majority. His vote was much larger than the vote cast for Harrison. But the campaign had no sooner begun than it developed that there was a large Republican defection to Harrison. The betting favored Harrison from the start, and as the campaign progressed the indications that he would be elected increased. Harrison has served three or four terms as Mayor, hence the people of Chicago know his quality. Evidently they like the kind of government he represents. His past administrations were of the free and easy sort that appealed to the socalled "liberal" elements of society. His rule did not busy itself with reforming society, but was fairly efficient in matters of government. The vigor of the support given Professor Merriam by the church element, particularly the Protestant clergy, excited a fear that his election would mean a tightly closed town, rigid Sunday laws and a general restriction on sports and amusements. This fear alienated a large body of business men from the Republican candidate.

A sad cry comes from New York that the market is bare of lobsters. But the lobster catch on Broadway is as abundant as ever.

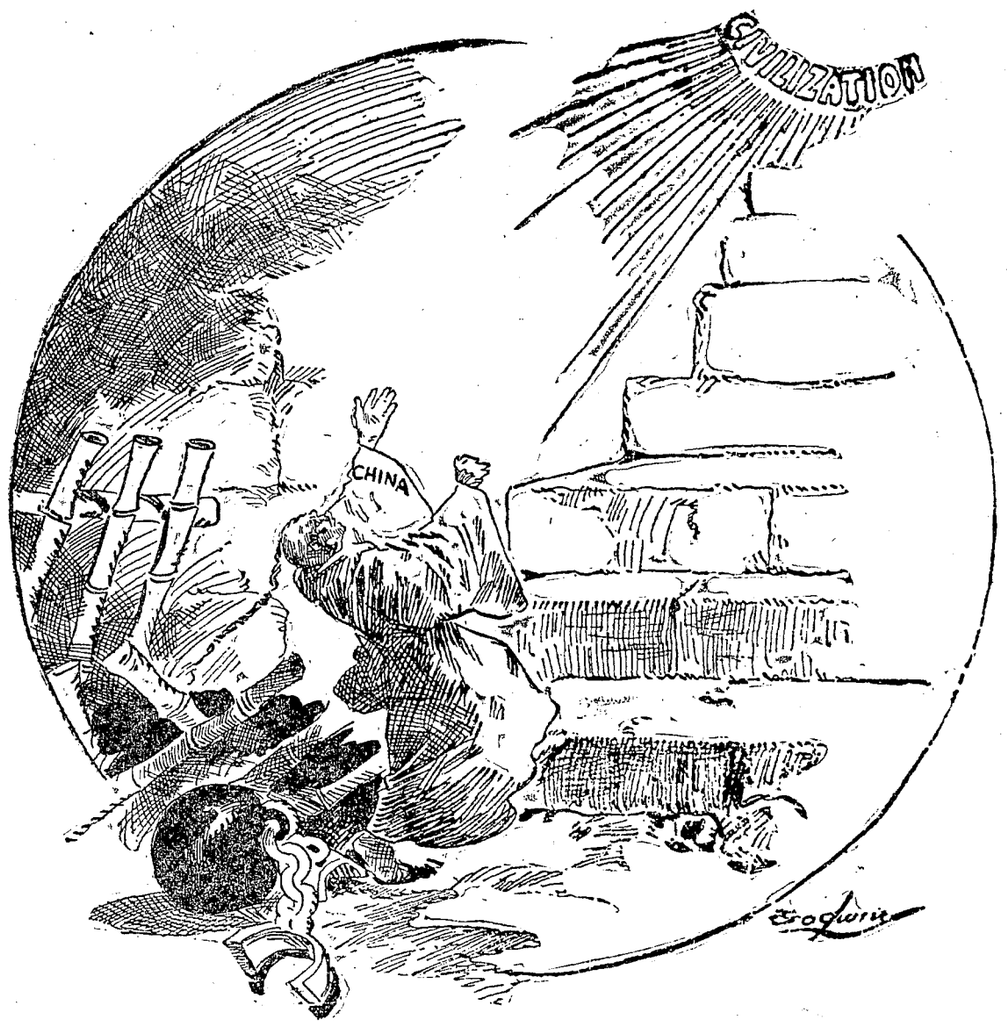
Berkeley has had two big advertisements recently. First, she had Theodore Roosevelt and then she held an election that resulted in a Socialist victory. Both events will carry the fame of Berkeley abroad, but how will the profit be divided? For which have the citizens of Berkeley most cause to be thankful?

Recently the city authorities of Brooklyn seized in one market 1600 short-measure bushel baskets used by farmers who bring produce to the city. The Brooklyn Eagle takes a lenient view of this exposure of short-measure dealing, which it excuses in this way:

"It is not a proof of intentional dishonesty on the part of the Long Island farmers who used those baskets, because trade customs have come to have the effect of law in the minds of farmers as well as of other persons whose dealings are more or less direct with the commercial world. But the farmers needed a reminder that under the statute a bushel is a bushel, and that reminder they have got."

Whereat the Springfield Republican remarks that the reminder is even more applicable to the makers of the baskets. But if there had been no demand for short-measure baskets they would not have been manufactured. Every man who used those baskets knew that he was giving dishonest measure, that every bushel he sold was half a peck short. It was the desire for illegitimate profit that prompted the use of the short measures. The makers did not originate the fraud, they simply catered to dishonest greed. However, the excuse that cheating by short weights and measures is a "trade custom" is an old one. The cheating is not new, but the efforts to suppress it shows how extensive it is and custom sanctifies theft.

THE ROAD TO HIS DELIVERANCE



SAN BERNARDINO EVENING INDEX.

A BLOW TO MATRIMONY.

A decree of divorce obtained by Actor Nat C. Goodwin's fourth wife forbids Mr. Goodwin to remarry during her lifetime.—Daily papers.

Let Cupid break his golden bow
And Hymen quench his torch;
Let bridal roses cease to blow
Upon the latticed porch.
No more shall orange blossoms crown
The leading lady's brow;
O honeymoon, don't rise; stay down—
Nat will not need you now.

The parson in the chancel stands
With eager, longing look,
And holds within his pious hands
The marriage-ritual book.
The church's door is open wide—
Alas! there enters in
No bridegroom and no blushing bride;
There is no Lohengrin.

Without, the birdies in the trees
Are mating in the spring;
For him no more upon the breeze
The wedding-bells shall ring;
No shower of rice, no cast-off shoe,
Shall speed him fast and thick;
The license clerk will miss the u-
Niversal Benedick.

But oh! the thousand gentle mearts
That must in woe repine,
Nor feel the smarts of Cupid's darts,
Nor bask within the shine
Of Hymen's altar, nor respond
With fluttering pit-a-pats
Unto another just as fond—
That might-be Mrs. Nats!

RICHARD LINTHICUM.

In 1809 the distribution of food, clothing and fuel began. Catharine Graham of 81 Church street, to whom $1 was given, was the first to be aided. During the war of 1812 the society purchased soup tickets from the Humane Society at $3 a hundred and distributed eighty loads of wood. In December, 1812, 3499 "suffering individuals" were helped, and the total for the first year was 28,000.—The Survey.

The United States judges in the eighth circuit met in St. Paul a few days ago and elected Miss Louise Trott, of that city, to the clerkship of the Circuit Court.

SPIRIT NAGGING

The Kansas City man who brought suit for divorce on the ground that his wife nagged him at home and then sent her spirit to tag at his heels when he sought respite in other quarters seems to have a pretty good case if he can prove it. Nagging in itself is reprehensible and has a tendency to drive strong men to liquor solace. If this unfortunate was merely nagged in the ordinary fashion he would be no object of public sympathy and commiseration. But when a wife is not content to make home unpleasant, but projects her astral body to continue the persecution, it is enough to bring the tears to the eyes of perfect strangers.

Of course we have only one side of the case. The wife may not be a bit to blame for this marital disruption. It would strike the casual observer that a wife with a husband who would shy at a haunting spirit would not be worth the trouble of following. It would seem pretty poor business to go "projicking" around wearing out the mind with extra work when there are so many useful things the mind has to do.

Just how this plaintiff expects to prove his allegations does not appear. The mere and unsupported statement that his wife's spirit tags around after him to torment him would not go far with a judge or jury. To be sure, there are people who hold firmly to the belief that such a thing is possible and they would consider the testimony quite as a matter of fact. But such persons are comparatively few. Still, the proposition opens up interesting possibilities. Our divorce laws are absurd enough in all conscience. Matrimonial separations are granted upon the flimsiest excuses. But this is the first time in local history that nagging by mental suggestion or annoying by astral projection has come up for adjudication.

If this complainant succeeds in establishing his case it will cause a lot of other husbands to sit up and take notice. Perhaps their wives are haunting them. If time average husband were accompanied by his wife's spirit in his rounds he would have cause to be unhappy. So would the accompanying wife. The whole idea is uncanny and we trust that the Black Art will not supplant the time-honored methods of domestic torture as practiced by wives since time begun.—Kansas City Journal.

Memorial to Balboa

The suggestion has been advanced by President Crooks of Albany college, Oregon, that there should be erected in San Francisco, fronting the Golden Gate, a statue or some memorial to Balboa, the discoverer of the Pacific.

Balboa first sighted the waters of the Pacific on September 25, 1513. On September 13, 1813, there will occur the 400th anniversary of the discovery. While thus, naturally, would be the proper date for unveiling such a statue as is proposed, it would probably be better if the idea is carried into effect, to carry the date forward so that the statue might be placed while the Panama fair is on in San Francisco in 1915.

It was, in fact, some time in 1515 that Balboa founded the first European settlements on the shores of the Pacific and constructed the first vessels, which, with Europeans on board, ever plowed the waters of the Pacific. His discoveries with these vessels were few and unimportant, but only because his career was cut short as the result of controversies with his superiors.

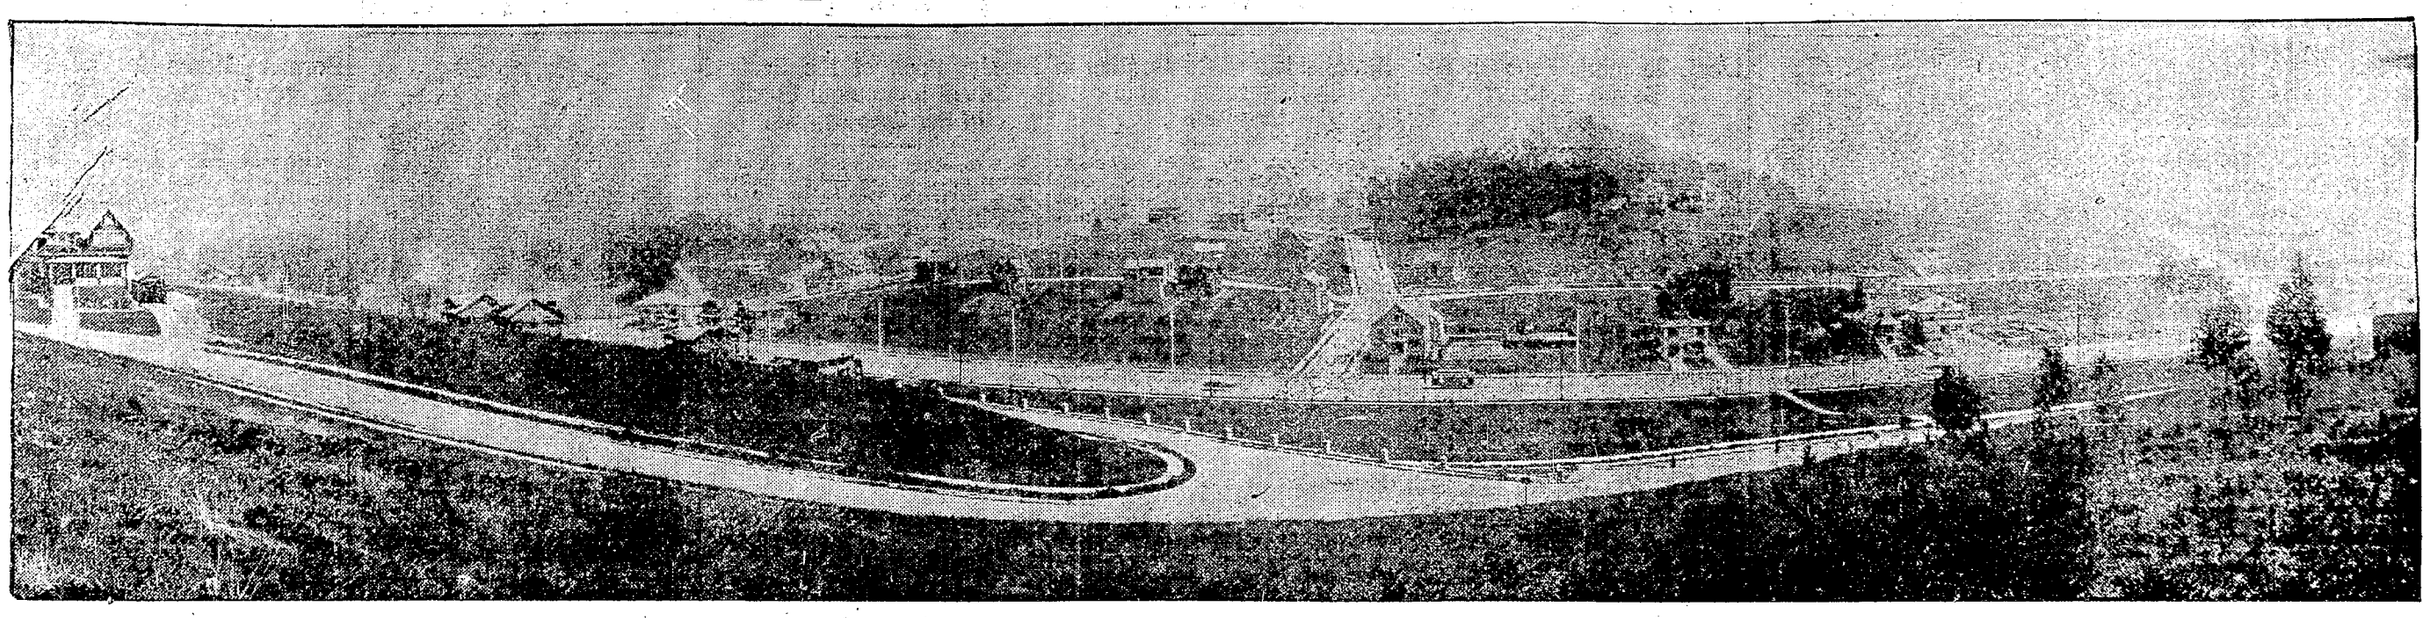
View on and Opposite Lots to Be Sold At Auction



The above pano-photograph shows the car line has been built and over one hundred splendid character-style homes recently constructed in the immediate vicinity, which with the solidly-built up districts of Adams Point, Linda Vista Terrace and others on the south and west with Piedmont mansion district on the north of the sixty-eight lots, fronting on Grand avenue 100-foot Boulevard, the main boulevard from business center to upper Piedmont and only two blocks of Lake Merritt and Lake Merritt parks make the home environment unequaled, coupled with the fact that a home on or near Lake Merritt would be a credit to and the proud ambition of any man. High values, however, have almost prohibited the man of moderate means.

But now that this extraordinary auction sale of 40-foot lots next Saturday give such an opportunity, we have never offered since Oakland has been a city of importance. Remember these are not suburban lots, but seven minutes from Broadway and Fourteenth street.

Terms are very easy, only one-fourth cash, the balance in 1 year, 2 years and 3 years. Think of what your lot will be worth before paid for. All Lake Merritt property has always made money by increased values for its owners.

Adams Point, Grand Avenue, frontage sold at $60 per foot; now selling at $125. Adams Point cross streets sold for $30 foot; now selling at $60 to $100.

Adams Point $60, $100 and $125 land only four to six blocks away, fronting same boulevards.

Every lot will be offered and sold at one-third to one-half less than property held a few blocks away. See the property at once. LAYMANCE REAL ESTATE CO., Auctioneers, 1214-1216 Bway.

BACKBONE OF MEXICAN ARMY BOTTLED UP IN CHIHUAHUA

Rebel General Madero Is Within 60 Miles of the City and Will March to the Attack When Reinforced

(Continued From Page 1)

...r bridge whist. The Americans, meanwhile, are busily engaged in trying to make two field pieces out of two lengths of steel shafting—one, four feet in length with a three-inch bore, and the other seven feet in length, with a 2-inch bore. Shells are being made out of brass castings, black powder and slugs.

CONTRAPTION BLEW UP.

This, despite the fact that recently an amateur cannon blew up and all but killed Madero and Orozco, who were watching the experiment of firing the contraption, which was made of a section of water pipe.

Recent reports that a force of insurrectos were across the Rio Grande river, forty miles east of here, presumably threatening Juarez, were laid at rest by two newspapermen, who visited the alleged camp yesterday. At the village of Guadalupe, on the Mexican side, reached by fording a river half mud and half water, the peons said there had been a small scouting party from Ojinga there several days ago, but that they had returned east.

American Wounded From Ambush by Mexican Assassins

WASHINGTON, April 5.—George Creichfield, an American, was shot from ambush at his ranch near Tuxtam, Mexico, and probably fatally wounded, according to a telegram received by the State Department from United States Consul Miller at Tampico. The department immediately ordered the consul to make a thorough investigation. It is not known here by whom the shooting was done. The consul added that Creichfield is a citizen of New Jersey, and recently was a candidate for Congress on the Republican ticket in that State.

Creichfield is 51 years old and a native of Illinois, but for some years had lived in Jersey City. He has been connected with the Uvelde Asphalt Company of New Jersey, of which his brother is president, and has been representing that concern for the last three years in Mexico and Central America. In 1908 Creichfield was nominated for Congress on the Republican ticket, but was defeated by Representative Eugene F. Kinkaid.

KNOWN IN EAST.

NEW YORK, April 5.—Creichfield is well known in New Jersey as a man of affairs and is reputed to be a millionaire. He departed for Mexico about two months ago when he heard that the revolutionary troubles had spread to the vicinity of the asphalt lakes mine and chicle forests in which he was interested. It is believed his efforts to protect his property brought about the attack on him.

As a mining engineer Creichfield was one of the first to go to Central America. His name and fame as an explorer and a stubborn fighter for his rights are known from the Rio Grande to the equator. It was he who organized the Venezuela Asphalt Company in 1903 and bought an asphalt lake from President Castro.

Collier Saturn Has Loaded Ammunition For San Diego Trip

VALLEJO, April 5.—The collier Saturn ... taken aboard 250 tons of ammunition at the Mare Island hospital, preparatory to sailing for San Diego, where the cargo will be delivered to the ships of the Pacific fleet.

Authority has been received at Mare Island for the expenditure of $100,000 on repairs to the Cleveland, ordered here from the Asiatic squadron last year for a general overhauling.

Rebels Marching to the Attack of the City of Arizipe

CANANEA, Sonora, Mexico, April 5.—Reports from Arizipe indicate the town is liable to fall into the hands of the rebels at any moment. Six hundred rebel soldiers are reported to be in the vicinity of Arizipe, and they will encounter no opposition in taking possession, Prefecto Pico and his 200 federal soldiers having deserted the city and started for this place.

Three hundred federal troops have left the train at Imuris, on the Sonora railroad twenty-five miles west of Cananea and are marching overland to effect a junction with Pico here. Pico, it is said, plans to return to Arizipe with his increased force, and after the rebels have taken possession of the town, surround and entrap them. Large numbers of refugees are arriving here from Arizipe, which is about fifty miles south.

Scouts Fail to Find Federal Troops Near the City of Mexicali

MEXICALI, Mexico, April 5.—General Salinas, the former member of the personal staff of President Diaz, who is now the commander-in-chief of the rebel forces in Lower California, stated today that his scouts had failed to find any of Colonel Mayot's federal forces within forty miles of Mexicali. Although undoubtedly on the advance from Tecate towards Mexicali, none of the government troops have yet emerged through Picahos Pass. Mayot's force is supposed to number about 400 men with two machine guns.

General Salinas believes the federal commander will send his entire force against Simon Berthold, the rebel leader at Alamo, seventy-five miles south of here, before making the final assault on Mexicali. Berthold is badly wounded with a bullet in his leg, which shattered the bone above the knee, and may lose the leg.

Government Seizes Two Cases of Rifles at Douglas, Ariz.

DOUGLAS, Ariz., April 5.—Two cases of 45-caliber Springfield rifles and bayonets, consigned from the Cal Hirson & Son Iron & Nail Company of St. Louis, to El Paso and thence to J. J. Benton of this city, were confiscated today by A. H. Thompson, special agent for the Department of Justice, acting in conjunction with Captain Gaujot, First cavalry, U. S. A., stationed here. The cases of rifles were plainly marked as such on the outside of the boxes. From El Paso the guns had been reshipped to Deming, N. M., and from there to Douglas. They are supposed to have been for the use of the revolutionists. Benton, who is not a merchant, had sold the rifles to a Douglas hardware company while they were at the freight depot here.

Fourteen Americans, including two American cavalrymen, who deserted from the troops stationed here, have joined the insurgents at Fronteras, Sonora, led by "Red" Lopez. The cavalrymen took their guns with them when they deserted.

3000 Diaz Troops Are Bottled Up in City of Chihuahua

CHIHUAHUA, Mex., April 5.—Three thousand troops, representing the main strength of President Diaz's forces in northern Mexico, are "bottled up" in this city.

It is the belief of the 700 Americans here that Francisco Madero is preparing to deliver a decisive stroke with a view to bringing the insurrection to a crisis in this section.

Chihuahua, with 35,000 inhabitants, is believed to be well fortified. The churches, housetops and other points of vantage, are surmounted by breastworks and machine guns.

Many smaller towns in the interior are garrisoned by a mere handful of men. Just outside the city the insurrectos are in great force.

Madero, with Orozco and 1200 insurrectos, is at Bustillos plantation, sixty miles west, where, surrounded by his staff, he has established a so-called capital.

SCOUT MASTERS NAME OFFICERS

George E. Dickie to Head the Local Organization as President.

The masters of the Oakland and Berkeley boy scouts held a combined meeting at the offices of the playground commission, 1358 Broadway, last night and the committees on by-laws, uniforms and finance were appointed. Superintendent of Playgrounds George E. Dickie was appointed president of the association and with him were elected Captain J. W. Griffin, A. J. Case, E. D. Finley, L. M. Brasefield and P. M. Jenkins as managing committee.

On the by-law committee are J. W. Griffin and E. L. Vander Naillen Jr. The uniform committeemen are E. D. Finley, Alfred Case and E. L. Vander Naillen, while L. M. Brasefield, Alfred Case and E. D. Finley compose the finance committee.

On Saturday, April 22, seventy-five boys of the first and third Oakland troops will go to Fort Baker, where they will be entertained and given instructions by the commander in charge.

TURN VEREIN LEADER TO TRAVEL IN EUROPE

Professor Gustave Albrecht and Mrs. Albrecht of 619 El Dorado avenue leave this city tomorrow on a six months' journey through Europe. They will visit the principal cities and places of rest and pleasure in France, Switzerland, Germany, Austria and England and return home in the early fall. The professor has, for years, been the director of the singing sections of the Oakland and San Francisco Turn Vereins and has been so successful in his work in developing the voices of the members that each organization is the possessor of many trophies won in vocal competition at turnfests in various parts of the Pacific coast.

SOCIALISTS ARE BUSY.

RICHMOND, April 5.—A warm election is promised in this city when three councilmen are to be elected. The Socialists also nominated a ticket last night, naming F. I. Brazil dairyman; B. F. McCray, merchant; O. J. Solemdahl, contractor. Edward J. Hasey has announced himself as an independent candidate.

CASE OF BURLGAR PUZZLES THE LAW

Judge Would Deport Him, But Legal Entanglements Block Move.

Developments today have placed the District Attorney's office in a dilemma with reference to the case of Stradello Marcello, the Italian alien convicted in the Superior Court of burglary, whom Judge Frank B. Ogden wants the federal authorities to deport. Tomorrow is the last day upon which the court may sentence the prisoner under the law and in the face of this District Attorney Donahue received a letter this forenoon from Acting Commissioner of Immigration Luther C. Steward, at Angel Island, asking that judgment in the case be postponed a sufficient length of time to enable his office to verify the date that the Italian claims he landed in New York from Italy. The federal official says that if the date of landing is correct Marcello cannot be deported.

But how sentence can be postponed is the question that the District Attorney's office and Judge Ogden are now trying to solve. Marcello could be allowed to ask for probation and this would enable the court to continue his case for twenty days more, but here the officials are up against the proposition that the prisoner had given no indication that he wants probation or desires it. There is nothing in the law to prevent the District Attorney's office from asking that the case be referred to the Probation Officer, but should this be done it would have to carry the proceedings through in good faith and the outcome would be questionable to say the least.

Here is where the matter rests for the present. There may be a way found to get out of the difficulty before tomorrow, but it would appear that the immigration officers will have to pave it. The only solution seems to be for Commissioner Steward to get the information he wants from New York by telegraph. He has been asked to do this by Deputy District Attorney Satterwhite, who has charge of the case for the people, and has promised to do what he can to hurry up the matter.

AUBURY WOULD HAVE OIL USED IN NAVY

State Mineralogist Lewis E. Aubury has sent a memorial to Secretary of the Navy George Von L. Meyer, urging that fuel oil be used in the navy instead of coal. He makes these points:

During 1910 $1,027,556 would have been saved on the Pacific ocean alone if oil had been used.

California has a maximum supply of 8,500,000,000 barrels, one-third of the estimated maximum of the entire country.

The supply of California oil is accessible by means of pipe lines from various fields. No danger of the seizure which threatens coal supplies brought across the ocean.

The cost of coal a ton when laid down at Puget Sound is $9.95. A barrel of California oil can be laid down at Puget Sound for 90 cents. Three and one-half barrels of oil contain as much steam making capacity as one ton of steam coal.

CABLE DISPUTE IS TO BE ARBITRATED

Eastern Company Agrees to Look Into Claims of Oakland.

Arbitration of the claim made by the city of Oakland that several thousand feet of cable for the underground police and fire telephone and telegraph system delivered by the Waterbury Company of New York is defective and should not be accepted, will be entered into between the city and the New York concern. The contract price was approximately $10,000, and the cable was passed favorably by the New York laboratories as agent of the city.

When the cable arrived it failed to stand up under the tests and the city refused to pay the demand of the company. City Attorney Ben F. Woolner has been in communication with attorneys for the Waterbury Company, March & Wever, for months. The company has now consented to arbitrate the legal aspects of the case and the matters of fact.

The Board of Public Works this morning refused to arbitrate the legal right of the city to reject the cable, but authorized City Attorney Woolner to enter into negotiations to arbitrate the fact.

BOARD TO GRANT LICENSE TO CLUB

District Attorney Donahue Appears for New Auto Organization.

At a meeting of the committee of the whole of the Board of Supervisors this morning, the question of granting a permit to an automobile club which is being organized by the leading citizens of the county was called up, at the instance of District Attorney Donahue and on his representations all of the members of board agreed to the measure.

The club contemplates establishing its headquarters at Hunters' Inn which was deprived of a license to sell liquor because of the strong protest lodged against its management as a public resort.

It was, therefore, forced to close its doors.

Accompanying the district attorney was Amasa D. Cary of San Leandro, who was one of the leading protestants against the renewal of the liquor license to the Inn managers. Cary said he had been elected a member of the club and of its board of directors without his knowledge; but, if it was to be an organization of the character of the Country Club, he would gladly join and he assured the Supervisors that there would not be any objection raised to the granting of the permit by the board, which would include a license to maintain a bar and serve liquor on the table for the exclusive benefit of members, their wives, daughters, sisters and friends.

Only bona-fide owners of automobiles are qualified for membership and, it is understood, that it will have enrolled on its list over 500 of the best citizens in the county.

WOMAN SEIZED BY BUSY SLEUTH

San Franciscan Is Accosted While Walking With Her Husband.

SAN FRANCISCO, April 5. — Seized as she was walking with her husband at Powell and Bush streets, Mrs. W. W. Wilson, wife of a cigar dealer, met with a peculiar experience at the hands of a man, whom she believes was a robber, last night.

As the couple neared the corner a tall, broad shouldered stranger, who had been in company with a short man in the shadow of a building, suddenly stepped in front of her, grabbed hold of her shoulder, and looking into her eyes, was about to say something, and then hesitated for a moment. He seemed to lack words, and then muttered "Excuse me, I'm a detective," and with that he walked off and joined his companion.

It all happened so suddenly that Wilson was given no opportunity to interfere and the couple thought it best to report to the police.

ADOPT PLANS FOR CITY WHARF IN BASIN

Specifications Submitted by Engineer Turner Are Accepted.

$30,000 STRUCTURE TO BE CONSTRUCTED

Action in Ordering Necessary Work Confirmed by Officials.

Specification for the first municipal wharf in the Key Route basin were ordered drawn by the Board of Public Works this morning on the recommendation of City Engineer Frederick C. Turner. The work has now reached a stage where it will be possible to put in a semi-permanent structure at a cost of $30,000 to accommodate river and bay shipping in the Key Route basin.

City Engineer Turner made his recommendation that the wharf should be constructed at this time parallel to the Southern Pacific mole along the bulkhead almost completed at this point.

APPROACH IS GOOD.

There is a good approach to the point from which the wharf would be constructed and the pier could be placed in commission as soon as the work should be completed. The plans suggested by the city engineer include freight sheds and a temporary approach to the shore to be used before the filling is completed.

The letter recommending the wharf follows:

"To the Board of Public Works, Oakland, Cal.

"Gentlemen: I wish to recommend that you order plans and specifications drawn for a wharf in the Key Route basin alongside that portion of the bulkhead now being constructed parallel to the Southern Pacific mole. At the rate of progress now being made on this work it will be possible to accommodate river and bay shipping in this section in a few months, and a wharf should be constructed as soon as possible to handle the traffic now waiting for the accommodation on the bay shore.

"The plans should provide freight sheds and also provide for a temporary approach to the shore as the wharf can be used before the filling is completed.

"Very respectfully,
"F. C. TURNER,
"City Engineer."

CONFIRM ACTION.

Confirmation of the action of City Engineer F. C. Turner in ordering certain necessary work in the Key Route basin was given by the Board of Public Works this morning when report of the work was made. The work was made necessary by the finding of a hole of soft mud in line with the bulkhead, which occasioned the placing of the rock deeper after dredging out the soft bottom. The additional work will cost about $200.

The communication explaining the necessity follows:

"To the Board of Public Works, Oakland, Cal.

"Gentlemen: In the construction of the rock portion of that section of the bulkhead in the Key Route basin parallel to the Southern Pacific mole, it has developed that the mud is slightly softer than along the main bulkhead. In view of the fact that the first wharf will be constructed here it is desirable that the rock wall be carried as deep as possible. As the rock was being placed in this portion and there was also a clamshell dredge working on the levee close by, I took the responsibility of ordering a trench dug into which the rock wall is to be placed. This will take considerable more rock than otherwise and will cost about two hundred dollars for the dredging, but the added stability is well worth the extra cost. On account of the necessity of doing this dredging immediately I ordered the work done and desire that the board confirm my action.

"Very respectively,
(Signed) "F. C. TURNER,
"City Engineer."

EXCHANGE WINS INSPECTION WAR

Country Hogs Will Now Be Brought to Oakland as Is Other Meat.

The meat inspection controversy which has been carried on by the Merchants' Exchange in an effort to allow country-killed hogs to be brought to Oakland and inspected by city inspectors in the same manner as other animals has come to a close with a victory for the merchants. A communication to the Exchange from Mayor Frank K. Mott states that hogs will now be inspected in Oakland, following a conference with the board of health. The letter reads:

"In relation to the matter of meat inspection brought to my attention by your committee, will state that I have had an investigation made of the matter and have also taken it up with the board of health. After a conference it was determined that the regulations regarding the inspection of hogs would be modified so as to permit the small slaughterer or farmer to have the inspection made upon hogs in a similar manner as it applies to calves and other animals."

The agitation was commenced by the Exchange in February at the instigation of retail meat dealers and farmers who wished to buy and sell slaughtered hogs within the city limits. A committee was appointed and waited upon Dr. Robert Archibald city meat inspector. The medico refused to comply with the demands of the Exchange representatives. The matter was then taken up with the board of health with a like result. Finally Mayor Mott was told of the loss to Oakland, which the merchants estimated at nearly $2000 per day, resulting from the exclusion of farmer-slaughtered hogs.

WANTED GOVERNMENT RULE.

All the Exchange demanded was that hogs be admitted into Oakland providing the head, lungs, liver and viscera accompany the carcass, as is the rule in vogue by the government inspectors, and which has been found to be adequate in protecting the consumers from having unhealthy meat sold them.

Dr. Archibald took the stand that the rule adopted by the government inspectors was too lax. It was also asserted by E. A. Young, who took a leading part in the fight for the Exchange, that country-killed hogs were being inspected for the wholesale butchers and admitted to the city while the exclusion rule was enforced against the retail butcher dealers.

BROTHERS MEET AFTER 35 YEARS' SEPARATION

LOS ANGELES, April 5.—Through the wonderful memory of a traveling salesmen, two brothers, separated thirty-five years without knowledge of each other's whereabouts or hope of finding each other, were brought together. Several months ago James Memsing of Cincinnati was talking with the salesman and incidentally the latter told him of having heard the same name in York, Pa., the owner being the head of a great factory. The commercial traveler promised to look him up on his next trip and did so.

Meantime Ferdinand Memsing, the Pensylvania man, came here to pass part of the winter. Yesterday James Memsing arrived to look him up. He surmised from the drummer's statements that they were brothers beyond doubt and found it so. Both are men of means.

WAR WITH JAPAN WOULD BE FOLLY

Baron de Constant So States in Peace Talk Before Big Audience Across Bay.

SAN FRANCISCO, April 5.—Speaking before the Commonwealth Club last night in the Scottish Rite auditorium in Van Ness avenue, Baron d'Estournelles de Constant, the distinguished French scholar and diplomat, declared that war between Japan and America would be a folly and a crime. The result must inevitably be the same, he said, viewed either from the Japanese or American viewpoint.

Judge W. W. Morrow presided. The baron said in part:

"Let us suppose that the United States, following an unfortunate inspiration, attacks Japan and is victorious. This victory would be of no use. Japan would remain inaccessible and even stronger than before, standing upon its right against an unjust aggression. It would be supported by the national feeling of the people and by the exalted solidarity of Asia. No civilized nation could abstain from approving resistance.

"But supposing, now, the reverse, and in a moment of complete folly that Japan should attack the United States. This attack would be, for Japan, a suicide.

"Let us suppose, with the most pessimistic alarmist, that Japan, starting a policy of imperialism, would try to monopolize the Pacific ocean, claiming Asia for the Asiatics. It would be the beginning of its decadence and the end of its power. Acting against the United States, taking by surprise or by force the Philippines, the Hawaiian islands, Japan would open, at the same time, the era of a general aggression against Europe. It could not stop. It would threaten Great Britain, Singapore as well as Shanghai, France, Saigon, as well as Hanoi, Germany, Netherland, Russia, Australia, too—that is to say, all the world. It is very much to do for one nation.

WOULD MEAN COLLAPSE.

"And where would Japan find money for experimenting in the Pacific this Napoleonic policy of a universal blockade? And what would become of its industry, of its agriculture, of its commerce, of its art, of its economic leadership in China? It would be the miserable collapse and not the triumph of Japanese imperialism.

"Let us stop this alarmist nonsense and these pessimistic appeals to new glory.

"The empire of the sea exists no more. The Pacific ocean will belong to all, as well as sky belongs to aviation and not to one nation only.

"Let us be confident in the wisdom of the Japanese people and of the Japanese government.

"For some time a future contest between the Japanese and the United States has been accepted as inevitable. All these theories of inevitable wars are founded upon fallacies and ignorance, and nothing more.

"It has been gratifying to read in the recent dispatches that Japan has looked with favor for a general arbitration treaty. Japan is coming to the knowledge that it is impossible to start a war merely for the sake of imperialism.

"We can substitute another policy for war. We can abolish the policy of war not only because it is of no use, but because of the great usefulness of the substitute."

WITH BULLET IN HEAD, MAN KILLS

Wife Wounded Him, He Says, Then He Shot Her and Cut Her Throat.

LE CLAIRE, Ill., April 5.—After his wife had shot him in the forehead, the bullet knocking him to the floor and stunning him, George Yates killed her last night by shooting her through the forehead and then cutting her throat.

With the bullet still imbedded in his head Yates locked up the home and walked a mile to Edwardsville, where he surrendered to the police.

According to Yates' story, he returned from work and found her absent. She came home a few minutes later and after a sharp quarrel seized a revolver and fired, the bullet striking him between the eyes and spreading.

He arose in a rage, he said, and wrenching the revolver from her, shot her through the head. Then with a butcher knife he cut her throat. Yates gave his keys to a policeman, who found Mrs. Yates lying across a bed in the condition described by her husband.

Powder burns on Yates' head led the police to the belief that he tried to kill himself, but he insisted that the version he gave of the tragedy was true. He is under arrest.

"KID GLOVE" BURGLAR CAPTURED BY POLICE

LOUISVILLE, Ky., April 5.—Lying in waiting for a "gentleman burglar," seen on several occasions when operating in stylishly cut clothes and kid gloves, officers early yesterday arrested Corporal Parker Hall, of the local army recruiting office, alleged to have been caught in the act of opening a safe in a Main street cigar store. Hall is a veteran of the Spanish-American war. He is a native of New York.

"SEE KOLB!" IS SLOGAN OF OAKLAND THEATRE-GOERS

How the crowds do love C. William Kolb!

The big bulk of them, after they have filed out of the Orpheum Theater, and have begun to talk about Kolb to their friends probably say "See William Kolb," instead of "C. William Kolb."

That is the slogan all over town this week. Kolb has exactly what folks want—thirty minutes of solid fun, cleverly delivered and as full of laughs as a raisin cake is of Fresno fruit.

There may be some who miss Max Dill, but they are in a decided minority. Kolb is a great big host in himself. He could stand out alone in front of a curtain and talk for thirty minutes and perhaps make as big a hit as he does with a company of seven or eight people in "The Delicatessen Shop," but to give the people big money's worth Kolb and the Orpheum people fixed up this remarkably clever farce comedy. They gave it a splendid setting, so that in every detail it should be right.

What's the result?

The crowds get their fill of genuinely clever fun, go away happy and to every other person they meet hand out the watchword: "See William Kolb."

Just to be generous, the Orpheum people have fixed up an unusually smart vaudeville bill with which to surround the big German comedian. At the top of the list is Stuart Barnes, a prince of entertainments, one of the smartest single handed funmakers in the business.

Then there are the Frey Twins, two shapely youths, who show how wrestling can be made a fine art.

Miss Hamid Alexander, from London, sings character songs and plays on the piano and looks charming while she does these very things. Eleanor Haber tickles one's resibles with her exhibition of how different types of women conduct themselves while out shopping. Rolfe and his Rolfonians in the greatest musical act the Orpheum has ever sent to the Coast, constitute another big headline feature.

Jarrow, the droll trickster, with his marvelously clever lemon trick; the Six Flying Banvards, a great acrobatic act from England, and the Orpheum's daylight motion pictures round out a splendid show.

Next Sunday five new acts will be on the bill, including Burr McIntosh and his company in "The Ranchman"; Grace Cameron, the famous comic opera star and others.

THE FREY TWINS, who are making a hit at the Oakland Orpheum this week.

TAFT TO DEMAND PEACE IN MEXICO

Intervention Planned by White House Unless Strife Ceases.

WASHINGTON, April 5. — An ultimatum to Mexico, involving United States intervention if peace is not restored within a reasonable period, is under serious consideration at the White House.

The protection of American and foreign interests will be the ground on which this drastic step will be based.

As an alternative, it has been suggested to President Taft that he send a commission to Mexico to placate the warring factions and restore peace in the republic.

Several names have been suggested for this commission, among them that of Senator Root, who is said to have created a favorable impression on all the people of Mexico on the occasion of his tour of that country. It is regarded as likely that he will head such a commission, if it is decided to dispatch it across the border.

Members of these committees who have called at the White House were given to understand that danger to property right of Americans and other foreigners was the reason for the order to mobilize the troops in Texas.

FEARS NO PACT WITH JAPAN.

The intimation that a secret alliance existed between Mexico and Japan, President Taft told the members of Congress, had nothing whatever to do with sending the troops to the border.

Ambassador Wilson laid the facts before the President on his recent visit to Washington. Taft thereupon asked for information from private sources in Mexico. Several well-informed Americans who presented their views of the situation were all a unit in declaring that there was no hope of putting down the insurrection.

SCARLET FEVER PATIENT DIRECTS WORK BY PHONE

PORTLAND, Ore., April 5.—Quarantined in a Portland sanitarium with an attack of scarlet fever, L. F. Brayton, in charge of the twelve-story Wilcox building being erected at Sixth and Washington streets, installed a telephone by his bedside and continued the work of superintending the skyscraper's construction by telephone. The first difficulty Brayton encountered when he asked for a telephone was the unwillingness of anyone to install it in his room for fear of contagion. Finally, despite his illness, he had the equipment sent to the sanitarium and made the connections himself.

During the period he has been in quarantine a large part of the foundation of the building has been completed, the base plates for the steel set and the delivery of steel on the ground begun.

"I did not feel so very sick, despite the doctor's warning," said Brayton. "I made up my mind I was going to keep in touch with the work, and I saw it through."

GOMPERS TO WORK FOR PEACE IN CHICAGO

CHICAGO, April 5.—President Gompers of the American Federation of Labor, is expected to arrive in Chicago on Friday to take a hand in a series of jurisdictional fights which are threatening to disrupt organized labor and paralyze the Chicago building industry. More than $10,000,000 worth of building operations are tied up and unless the labor officials take steps to remedy conditions, contractors predict that the building industry will remain at a standstill.

ANOTHER CUT IN RATES BY STEAMER TO SEATTLE

SEATTLE, April 5.—Announcement was made today by officials of the Alaska-Pacific Steamship Company, operating between Seattle and San Francisco, that effective with the introduction of the summer schedule Thursday, the rate from Seattle to San Francisco on the steamships Buckman, Watson and E. F. Plant would be reduced from $18 to $15, first class. The regular summer fare from Seattle to San Francisco on the vessels has been $20. The second class rate of $10 will remain unchanged.

The cut in rates follows a reduction announced a few days ago by the Pacific Coast Steamship Company on the steamships Governor, President, City of Puebla and Queen.

The steamships Beaver and Bear, running between San Francisco and Portland, have been offering rates which enable passengers to come to Portland by boat and take the train from that city to Seattle almost as cheaply as to come all the way by water. This competition was also said to have influenced the officials in the action taken.

By J. A. Houlihan

Close to 400 motorists are now members of the new motor club here. Tonight, after a campaign lasting more than five weeks, the organization's charter is to be closed.

The campaign which closes today is unquestionably one of the most successful of its kind which has ever been carried through in any city in the country, especially for a motorists' club.

At the regular weekly meeting tonight considerable important business is to be transacted. Reports are to be given in by the board of governors concerning the results accomplished thus far in getting the club headquarters opened and properly started.

Leon Lyons, formerly of the Nile, Athenian and similar clubs, has been selected as manager of the club.

A committee appointed last week by President Martland to secure a suitable design and car emblem turn in their report this evening.

The board of governors appointed last week are as follows: Robert Martland, chairman, C. J. Heeseman, Frank Bilger, Nat Crossley, E. P. Bull, Dave McLoughlin, William H. Donahue and L. L. Stevens. C. W. Mattern is secretary to this board.

WILL VISIT OAKLAND, BRANCH.

Hereafter, once a week, Tony Nichols of the Weinstock-Nichols Company will visit Oakland every Monday afternoon, and with headquarters at the local branch will make all adjustments on Morgan and Wright tires.

Tony is the tire expert of this company. As a matter of information to many, the present nobby tread tire was first brought out by him. Its popularity is common knowledge among automobile owners.

CUTTINGS SELLING RAPIDLY.

W. H. Wright, district manager in Southern California for the Central Motor Car Company, has already sent in orders to the company headquarters in this city for shipments of two carloads of Cuttings to the Los Angeles retail Cutting distributors, one carload to the San Diego agents and the remaining carload to go to two of the sub-agents for this line in the southern part of the state.

Wright sends word up that the town is getting excited about the coming twenty-four hour race on the Los Angeles Motordrome which starts on Saturday.

Enormous Shipments of Hudson Cars

Few people realize what the enormous shipments of automobiles mean to the railway companies getting hauls out of Detroit. Some of the thirty-two companies making cars in the City of the Straits are putting out an unusually large number of cars just now. According to advices received by the Pioneer Automobile Company fourteen furniture cars filled with Hudson "33s" and "20s" have left the Hudson shipping docks every day the past few weeks except on Saturday, when a train of twenty-five freight cars was required to haul away the shipments to Hudson dealers. Three automobiles are put into each car. Each week's shipments of Hudson cars represent nearly a quarter of a million dollars.

SEVEN YEARS OF MISERY

All Relieved by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo. — "For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl." —Mrs. DEMA BETHUNE, Sikeston, Mo.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound.

It is more widely and successfully used than any other remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means had failed. Why don't you try it?

MOTOR CAR MAKERS SWAMPED WITH ORDERS

Retail Buying at Present Is An Accurate Barometer for Judging Future.

(By HARVEY L. BURCHELL), Manager Studebaker Brothers Company, Oakland.

Never in the history of the motor car have manufacturers been so literally swamped with orders as at the present. Never has there been such a spirit of optimism among makers and dealers throughout the country. The heavy retail buying this season has clearly demonstrated that the motor car is an economic tool of civilization. The public demands the automobiles as it does the telephone, telegraph and railroad.

Retail buying at this time of the year, in the dead of winter, and when touring is not in full swing, is unquestionably the most accurate barometer by which the future can be judged.

That the automobile represents an economic saving there is no doubt. It has been proven repeatedly that it is a time, labor and money-saving device. It has been demonstrated in public tests as well as in every-day usage that it is a utility vehicle as well as one for pleasure.

Each day and each hour thousands of business and professional men are becoming convinced of the fact. Deep-thinking merchants, physicians, farmers and others are today buying motor cars for both pleasure and utility purposes.

Five or six years ago when the industry was beginning to expand, the automobile was bought solely for pleasure. The industry then had not reached the stage when it could seriously consider the utility side of the motor car. The horseless carriage was practically new at that time and had not reached the high perfected state of today. Neither had manufacturing facilities acquired the system for producing in great quantities which is now a prominent factor. When the buying public gained confidence in the motor car and learned that it would do all that was expected of it, then there was born a new field for development. The utility vehicle is not coming—it has arrived.

A utility motor is not always the so-called commercial vehicle nor the familiar motor truck. Any automobile, whether it is fitted with a touring body, a demi-tonneau, detachable tonneau or o roadster body, so long as its owner uses it for business in any manner, is a utility vehicle and represents an economic saving.

If the banker uses this car to carry him to his office or any other place of business, then that car is making money for him. It is saving his time, and time is money. This not only applies to the banker, but to the merchant, doctor, farmer, real estate dealer or to any owner who uses his car in any way that is not strictly for pleasure.

It is this phase of the industry that has made it leap with unprecedented rapidity, that has caused all manufacturing records to be smashed and created an industry that like of which has never before been seen in the industrial world and which will probably never be equaled again.

GOTHAM IS AUTO SELLING CENTER

33,000 Cars Valued at $60,000,000 Are Sold Annually in New York.

NEW YORK, April 5.—As evidence that New York City is the auto selling center of the world, statistics have been gathered showing that 33,000 machines are annually sold here for a sum approximately $60,000,000. Broadway alone has sixty-one agencies or branch houses handling ninety-five different makes of American cars, besides the headquarters of a dozen foreign manufacturers. With the profit on automobile sales reckoned at 25 per cent, the gross income of the agencies is $15,000,000 a year.

There are 750 men engaged as salesmen. Their average pay is figured at $2000 a year, although the best salesmen make as much as $10,000 and in a few instances even larger sums. The rental of automobile stores alone amounts to $500,000 a year and four times this sum is spent for advertising and incidentals.

Auto-car Owner Completes Tour

One of the earliest of this spring's more extensive automobile tours has just been completed by Charles Felton Jr. and Ed Himmelwright in the former's Auto-car roadster. During the trip all the more important roads in Sonoma, Lake and parts of Mendocino and Napa counties were covered. Felton reports that a big auto touring season is expected in this section of the state and that the many summer resorts are making preparations accordingly. The roads have been repaired earlier than usual this year and are now in fine condition for touring. The trout streams that abound in these counties are in a large part responsible for the number of cars that have already covered their grades this spring.

SWALLOWS POINTS OF COMPASS FOR MEDICINE

UTICA, N. Y., April 5.—Thinking he was taking medicine which a doctor had prescribed, John T. Williams, instructor of the department of mechanical engineering, Cornell University, put his hand into his pocket the other day, drew out a capsule and swallowed it.

Presently he began to hunt for sixteen points of an architect's compass which he had misplaced. He recalled he had put them in a capsule for safe keeping and dropped it into his pocket. He could not find the capsule, but in a day or so sharp intestinal pains gave him an inkling as to what had happened. Surgeons worked over him for two hours and removed every one of the pins by drawing them through the small intestines.

Replies to Dr. David Starr Jordan's Charge of "Systematic Muckerism."

UNIVERSITY OF CALIFORNIA, April 5.—Reflecting the sentiment of a large part of the student body of the state university, Editor Arthur Prendergast of the Daily Californian replies this morning to the attack of President David Starr Jordan of Stanford upon baseball as played in intercollegiate contests. The Stanford faculty is accused of hitting a head wherever one is seen. Prendergast's comment is as follows:

"Once again an expression of the unfavorable attitude toward athletics entertained by the Stanford faculty has been secured. A San Francisco newspaper attributes to President Jordan the coining of 'systematic muckerism' as a description of the rooting indulged in at the intercollegiate baseball games, and quotes Dr. Angell, chairman of the faculty athletic committee, as follows:

"'Athletics first, studies second, seems to be the order in which the students rank their college duties.

"'Personally, I believe that if the intercollegiate contests could be carried on with gentlemanly courtesy, they should be continued. But if the "win-at-any-cost" spirit is to prevail, then the games cannot be stopped too soon.

"'Baseball, especially, is played on a low plane. And baseball and football are the principal intercollegiate games indulged in by the students. All of the objections apply to these two games.

"'There is very little fault to find with track athletics. Lawn tennis and rowing are high-class sports and should be continued.'

"It is unfortunate that the Stanford faculty has fallen into the Donnybrook fair policy of 'wherever you see a head, hit it.' Sincere efforts to improve the conditions at present connected with a game which has attained some slight national popularity would, we believe, be productive of better results. Although baseball in particular, and intercollegiate athletics in general, have been subjected to what is in our opinion unjust criticism, a constructive attempt by the Stanford faculty to eliminate features which seem to them objectionable is welcome. Abolishing the game to begin with, however, does not seem strictly logical."

U. of C. Varsity Men to Meet Athletes of S. U. and the Olympic Club.

UNIVERSITY OF CALIFORNIA, April 5.—Following the try-outs which were completed yesterday, the first University of California wrestling team to enter an intercollegiate contest, has been collected. The athletes will take part in the wrestling bouts with the Olympic Club and Stanford University at Stanford.

The wrestlers selected to represent California are as follows: 125-pound class, R. R. Lee, C. Baney; 135-pound class, L. Layton, E. Sharpe; 145-pound class, C. Wells, E. Ireland and L. "STABAT MATER" TO OPEN GREK THEATE RSEASON

UNIVERSITY OF CALIFORNIA, April 5.—With a chorus of 150 picked voices from the San Francisco Choral Society, the Wednesday Morning Club of Oakland and a number of male singers who belong to neither organization, the rehearsals for the performance of Rossini's "Stabat Mater" that is to be given in the Greek theater on Good Friday afternoon, April 14th, at 3:30 o'clock, are progressing both here and across the bay in a way that delights the director, Paul Steindorff. Though particular attention is being given to the chorus, the solo parts will by no means be neglected, the following capable singers having been selected:

Miss Fanny Bailey, soprano; Mrs. Carroll Nicholson, contralto; Mr. Clinton R. Morse, tenor; and Mr. Henry L. Perry, bass. The orchestra will number forty of the best instrumentalists obtainable, the decision to give the performance in the afternoon rather than the evening having been made because so many more of the best instrumental performers in this vicinity are free for engagements at that time.

Though the performance will be given at popular prices, a really notable rendition of Rossini's superb sacred masterpiece is promised, one worthy of ushering in what promises to be the most important season that the Greek theater has ever had.

The "Concours" is the international art exhibition of the Academie, and first mention corresponds to second prize in this class, but even this honor is an exceptional one for a student who has spent so little time in the school as has Poor. Two Deliveries a Day to Berkeley and Alameda

HEART---TRIBUNE'S PAGE FOR WOMEN---HOME

A VERY simple but beautifully appointed coremony will take place tonight in the East Oakland home of the Edward M. Halls, when Lorraine Langstroth and Miss Sue Hall will plight their troth before 150 relatives and friends, Rev. Elmer McBurney of the Christian Science church officiating. The marriage is of much interest here, where the bride is well known, her family being prominent in the social life of the bay cities. She is a granddaughter of the late Hiram Tubbs, a pioneer of East Oakland, and has been one of the most entertained of the younger belles. Mr. Langstroth is the son of Mr. and Mrs. J. A. Langstroth of this city and is a member of the class of 1911 of the University of California. He has been active in college life and belongs to the Zeta Psi fraternity, the Skull and Keys, the Winged Helmet and other honor societies.

The decorative scheme this evening will be in white and gold and the bridal gown will be of rich white satin, made with the court train and worn with the long wedding veil, while an exquisite bouquet of white orchids will complete the costume. The maid of honor, Miss Florence Henshaw, cousin of the bride, will be gowned in yellow and carry yellow orchids.

The bridesmaids, who are Miss Gladys Wilson, Miss Pussy Creed and Miss Susetto Greenwood (another cousin) will wear gowns of white and gold, and a pretty feature will be the old-fashioned bouquets of roses which all will carry.

The ceremony will be read before an altar of white in a bower of blossoming fruit branches. The ushers will be Tyler Henshaw, Frank Hall and Frank Langstroth, while Lovell Langstroth will act as best man.

After the ceremony and reception the couple will leave on the wedding journey, and upon their return will make their home in this city.

ANNIVERSARY DINNER.

Mr. and Mrs. Eugene A. Young celebrated the eighteenth anniversary of their wedding last evening with a dinner given at their new home on Adams Point. A Bowle, Mr and Mrs. D. J. Davis, Mr. and Mrs. Patterson, Mr. and Mrs. Arthur Caldwell, Dr. and Mrs. F. G. Baird and Mr. and Mrs. Mills.

RECEIVING CONGRATULATIONS

Word has reached friends in the bay cities of the advent of a small daughter in the home of Lieutenant Gilbert Allen and Mrs. Allen. The Allens for the last season have lived in Manila, where the young army officer has been stationed. Before her marriage of several years ago Mrs. Allen was Miss Ethel Kent. The Kent home was formerly in Jackson street Mrs. Allen was considered one of the most attractive girls in local society.

FIGHTS TO FREE LOVER

POUGHKEEPSIE, N. Y.—A writ of habeas corpus, issued by Judge Hasbrough in the county court, directing the Hudson River State Hospital to produce in court here on April 10 Fred W. Savage, a patient, has brought out a story of woman's devotion.

The writ was obtained by George Wood, a Poughkeepsie lawyer, at the request of Miss Carrie E. Billman of Brooklyn, Mass., a student at the New England Conservatory of Music, Boston.

Miss Billman is Savage's fiancee. He was transferred to the asylum here from the Boston State Hospital five months ago. Two weeks ago Miss Billman came here and began her fight to free the man.

She says that Savage, an inventor, was first sent to an asylum by officers of the Hood Rubber Company of Boston with whom he had contracts. There was a dispute, she says, when they obtained control of his patents, six in all. Then they procured his commitment, Miss Billman says.

Savage and Miss Billman first met at the Metaphysical Club—a New Thought organization—in Boston a year ago. Their friendship ripened into love and they became engaged. On January 21 he was taken into custody and after being declared insane by two doctors, was committed to an asylum by the Probate Court at Boston. He was examined at the request of officers of the rubber company, Miss Billman said.

The patient, the doctors say, has a mental disorder approaching paranoia.

FINED $1200 FOR KISSING TEACHER

NEW YORK.—The board of education voted by a large majority yesterday to fine Bernard Cronsen, principal of public school No. 26, in West Thirtieth street, four months' pay, amounting to $1200, for "urging and allowing corporal punishment," and for "being unduly familiar with women teachers in his school." It was also ordered that reprimand be given to him by the committee on elementary schools of the board which conducted his trial.

Cronsen's trial compelled the committee on elementary schools to sit up late for many nights during the last few weeks. Cronsen was charged with giving osculatory salutes to some of the teachers. One of the offenses was said to have been committed eight years ago, when he was principal of public school No. 3 in Grove street, and he was said to have stroked the face of a teacher affectionately in 1908, and later with attempting to kiss her, and then with succeeding in doing so. Another offense of the same character was alleged to have been committed in 1909.

School Children Eating the Paste

FREDERICK, (Okla.)—The school authorities of Frederick have been asked by Health Commissioner J. D. Osborn to take steps to prevent pupils in the public schools from eating library paste.

Dr. Osborn states that the present general sickness among the school children is due to the habit, which has been formed by at least 50 per cent of them, it is estimated

More than twenty-five children have required medical treatment recently for some sickness which, hitherto, has been mysterious.

WOMEN IN THE NEWS

PRETTY SOCIETY GIRL WEDS INDIAN

Los Angeles Smart Set Holds Up Hands in Horror at the News.

LOS ANGELES, April 5.—Exclusive in its membership of artisan, literateurs and dramatic students, the ultra fashionable Arroyo Dinner Club was shocked when it discovered that Miss Annabel McFarland, its youngest and prettiest member, had secretly married a Blackfoot Indian. He is Hart Schultz, a tribesman of the Dakotas, 6 feet 2 inches tall, with the stamp of the plains upon him and the flame of the desert in his eyes.

For a few weeks he moved like a shadow in the picturesque Garvanza select set circle and stole the heart of the New York girl who came here as a dramatic pupil and to study painting. The Indian, too, is a painter, and they met in a studio. Soon afterward they went to Santa Ana, the Indian's stealthiness making it easy for them to outwit the girl's friends, and were married.

Monday at Long Beach the young Indian jumped into the sea to rescue a drowning man, and came back to the city without changing clothes. Congestion of the lungs resulted, and today it became necessary for him to go to the desert to save his own life. When the parting came the secret got out.

Two Wives Testify

LOS ANGELES, April 5.—Mrs. Edith Jennie Eyton, the San Francisco wife of Sidney Cecil Robert Eyton, a much-married man, testified at his preliminary examination that they were united in that city December 24, 1903, without a license. She herself went out and got a minister to tie the knot. He supplied a marriage certificate, but Eyton soon afterward tore this up in a rage, she said. She did not give the preacher's name.

Wife No. 3, formerly Mrs. Elizabeth J. Short, the widow of a prominent local traffic man, testified that she married Eyton in Santa Ana last July and that he never told her of any other matrimonial complications. This wife was vigorous in her declarations, but the San Francisco woman appeared afraid of Eyton and had to be led to the witness stand by a court officer.

Brings Body Home

NEW YORK, April 5.—On the Kronprinz Wilhelm is the body of Baroness Caldwell von Ledwitz, which her son and her former secretary are now accompanying to Louisville, Ky., for burial in the Cave Hill Protestant Cemetery, where her sister, the late Marquis des Monstiers Merinville, was recently buried. The Baroness died at Frankfort-on-the-Main last December.

Suffrage Beaten

BOSTON, April 5.—The Massachusetts House of Representatives rejected the bill granting suffrage to women by voting 161 to 69 not to substitute such a bill for the adverse report of the Committee on Constitutional amendments. Last year the vote against a similar bill was 148 to 47.

Woman Sues Socialists

MILWAUKEE, Wis., April 5.—A threatened suit against the city, following a court decision that the Socialist Public Works Commissioner, Harry Briggs, was illegally appointed, has been filed by Mrs. Catharin Stewart, a widow, who sues to have a special tax against her property for street improvements ordered by Briggs declared void.

The Socialist administration proceeded illegally in reorganizing the city departments, according to the decision recently rendered, and now many of those who were assessed for special street improvements propose to sue for damages.

Nance Gwyn a Bride

NEW YORK, April 5.—It is learned that Nance Gwyn, the actress, who was named as corespondent in the sensational Gilpin divorce proceedings, has been a bride for several months.

At the Waldorf-Astoria, where Miss Gwyn, who is Mrs. Arthur Pauncefote Williams, is staying, she said her reasons for keeping the marriage a secret were that she was under contract not to remarry, and that notice of her having done so might interfere with her theatrical career.

She will sail from this country within a week to join her husband, who is at Monaco.

Harem at Wedding

STOCKTON, April 5.—It has remained for Mabel Elizabeth Lower, a Stockton girl, to put the harem skirt to a new use. She has gone other wearers of the novel garment one better by using it for a wedding gown. The ceremony was performed by Justice A. C. Parker. The bridegroom is Jack White of San Francisco, aged 26 years. Deputy District Attorney Ed Van Vranken and Mrs. J. A. Vanable were the witnesses. The bride is an attractive young woman.

STUCK FAST IN SWAMP.

STIRLING, N. J.—It was close to the dinner hour when 7-year-old Dorothea Beet left the friends she had been playing with near her school and started for her home. The little girl "cut across lots," ran into a swamp and sank to her waist. For three hours she struggled and shouted, but could make no one hear. Charles Cornish, passing near the swamp about 9 p. m., heard the little girl and pulled her from the bog. He carried her to her home, where she was put to bed. The little girl was none the worse for her experience and has not even a cold. Her father, Thomas Beet, is head of a Manhattan detective agency.

LITTLE PRINCESS ALREADY HAS HUSBAND PICKED OUT

PRINCESS VICTORIA LUISE.

BERLIN, April 5.—It is reported that the little Princess Victoria Luise is to marry the ultimate heir of the Austrian throne. This report has been in circulation at intervals for some months, but has been discredited because it was not believed the Austrian royal family would ally itself with a protestant house. The little daughter of the Kaiser is here shown in the uniform of the regiment of which she has been made Colonel. The Empress is Colonel of a regiment, as is the Czarina of Russia. Many of the lesser German Princesses hold this honorary position.

SUFFRAGETTES WIN LORD CECIL

LONDON.—Deep satisfaction is felt in woman suffrage circles because Lord Robert Cecil has taken up the case of the women who have made an unavailing appeal to the home secretary for an investigation of the conduct of the police on the occasion of the deputation that went to the house of commons November 18 last.

"I have read carefully upward of 100 statements made by witnesses," says Lord Robert, "and I have seen and interrogated ten of the women who were taken. The facts are beyond reasonable dispute. The women were instructed by their leaders to avoid all violence, and were unarmed. Then umbrellas and parasols were forbidden among them. Women of all ages, up to 65 and 70 years, proceeded in groups of twelve at a time at intervals of fifteen minutes. Granted that they were determined to carry out the deputation it is difficult to see what arrangements less likely to cause a breach of the public order could have been made.

"Some of the women, including Mrs. Pankhurst, were allowed to approach close to St. Stephen's entrance. The rest were stopped some distance away, and few, if any, arrests were made. During that time the women suffered every species of indignity and violence. In some cases arms and fingers were twisted; in others they were struck in the face and beaten. Several were thrown to the ground, and some were kicked.

"All this does not depend upon the sufferers alone. It is confirmed by those who saw the condition of the women immediately afterward. The extraordinarily painful nature of some of the charges and the complaint of indignities of a gross kind made against the police do not admit of corroboration in the same way.

"In conclusion, may I ask whether or not any one thinks that if the deputation had consisted of unarmed men of the same character, their demand for an inquiry would have been refused?"

Kills Herself Rather Than Wed Man She Does Not Love

ST. LOUIS.—Realizing that she had plighted her troth to one man before she learned that she loved another better, Miss Kate Bagley ended her life rather than be the guest of honor at her brother's home, when her engagement to Thomas Vodka was to be publicly proclaimed.

The girl, who hesitated between her two love affairs, lived with her mother at 1829 Benton street. She was the eldest of four sisters, and was the favorite of her mother. For several years she and Vodka had been friends. Her relatives favored Vodka's suit, and Miss Bagley thought she loved him. She listened to his pleadings, and consented that the engagement should be announced at a party at her brother's home.

MEETS SECOND LOVE.

A month ago she met another young man who made no effort to conceal the admiration he felt for her. He, not knowing of the engagement that existed, courted her. On several occasions she tried to summon courage to tell him that she was not free to listen to his pleadings, but had not the strength. She wavered between the two loves and could not decide between them.

Monday she remained at home all day. She wrote numerous letters, and her mother and sisters supposed that she was writing her intimate friends, telling them of the engagement. Three times during the day she tried to reach her latest suitor by telephone, but each time she failed. Her mother thinks she wanted to tell him over the telephone what she had not the heart to say in his presence.

DRESSED SELF CAREFULLY.

Early in the evening she dressed, and the family thought she was preparing for the occasion, and no particular heed was paid her. Mrs. Bagley was in the kitchen when Kate entered later in the evening ,and, throwing her arms around her mother's neck, she told her she should not work so late in the night.

While Mrs. Bagley's back was turned she seized a bottle of carbolic acid that stood on a shelf in the kitchen, and concealed it. Again kissing her mother she left, and went upstairs.

Mrs. Bagley was startled a few minutes later by a noise as of some one falling. She sprang to her feet just in time to see her daughter fall down the kitchen stairs and against the door, which opened and allowed the girl to fall at her mother's feet.

Mrs. Bagley worked with her, but when help arrived the girl was dead.

FINDS THE LOST RING IN EGYPT

PHILADELPHIA.—A strange story became known today of the recovery of a valuable ring which was thought lost last November, but which evidently fell between the pages of a book and was sent to England and thence to Egypt. News of the finding of the ring was received by Miss S. L. Griffith, of 1514 Ontario street, a stenographer in the employ of the White Dental company of this city. She is the owner of the ring.

Were it not that the story is substantiated by facts, the tale would be almost unbelievable. The facts are as follows:

On November 26 Miss Griffith had been requested to prepare some catalogues of the dental company to be forwarded to Ash & Sons, Dental Exchange, London, England. On sending out the catalogues, Miss Griffith noticed that a valuable ring which had been presented to her earlier in the month as a birthday present was missing.

A careful search failed to reveal the missing piece of jewelry, and while the hunt was kept up for several days, the ring was finally given up as lost.

Today's mail, however, brought news of the finding of the ring. It had evidently fallen between the pages of a catalogue, but the catalogue in question instead of being opened at the London address was forwarded sealed to the Egyptian office of the London firm.

When the package was opened in Egypt the ring fell from one of the books. As the name of Miss Griffith was engraved on the inner side of the ring word was sent to the London office of the discovery.

The London office immediately communicated with the New York branch, with the result that the Philadelphia concern was advised that the ring was found. The ring will be forwarded to Miss Griffith in the course of a few days.

OAKLAND'S BOYS AND GIRLS

MEXICO IS SUBJECT OF TALK IN SENATE

The Oakland High School Senate held its regular meeting yesterday afternoon at the high school with a large number in attendance. The feature of the meeting was a very interesting talk on a "Trip to Mexico" by Albert Wagner, who described the condition of Mexico today. Harold Wadsworth was elected debating manager to succeed Richard Chamberlain, who was forced to resign in order to accept the office of financial manager.

The Berkeley high school versus Oakland high school interscholastic debate will be held in the Chabot hall on the evening of May 5, 1911. The question to be debated will be: "Resolved, That the United States government should fortify the Panama canal." Berkeley high will uphold the affirmative. The temporary chairman will be from the Oakland high school with a permanent one from Berkeley high. The Oakland high team, which will support the negative, includes Harry Creech (captain), Ralph Hogan, Monroe Friedman and Henry Oliphant, alternate.

Six new members were elected into membership of the Senate, including Howard Schaefel, Earl Bowen, Clarence Delancey, James Shields, Adolph de Fremery and Alexander Donohue.

The low senior class will give their semi-annual tug-ride on May 13 and their dance in the gym on April 23. The class will visit El Campo and hold a big dance on the day of the tug-ride. The Senate and Ecclesia will give a joint dance in the high school gymnasium Saturday evening, May 6. This will probably be the last dance of the school term, which closes June 2.

PUPILS TO DEBATE ON FREE BOOKS

KENNETH CRAFT, who will represent the Franklin School in the debate tomorrow. —Arrowsmith, Photo.

The young debaters of the Franklin and Grant schools are ready for the debate tomorrow evening to be held in the assembly hall of the Franklin school, where representatives of both institutions will argue upon the question, "Resolved, That Free Text Books Should Be Maintained in the Public Schools of California."

Kenneth Craft, president of the graduating class of the Franklin grammar school, will lead in the affirmative side of the issue. He will be supported by George Gray, Albert Ebbesen, Robert Evans and Carleton Domes.

Scott Nottingham of the Grant school will open the argument against the question. The Grant team will include Ralph McIntyre, Quinto Maganini, Hyscall Waterhouse and Harrison Ryder.

ALL IS READY FOR GIRLS' AEGIS SHOW

The girls' Aegis show, the semi-annual production for the benefit of the girls' edition of the Oakland High School Aegis, will be held next Friday evening in the gymnasium of the school. A big dance will follow the vaudeville show and a large attendance is expected. Cards have been printed and distributed in the school featuring the Twin Jacksons in a newsboy sketch, the O. H. S. quartet in new medlies; Peerless Hunt, musical artist; "The Fatal Message," a snappy farce, and greatest of all, the famous beauty chorus which caused Principal C. E. Keyes and the board of education to sit up and take notice because of its notoriety last year. It has been rumored about that the school authorities may not allow this feature act to be presented unless it is changed a bit.

Mignon de Neuf, the editor of the Girls' Aegis, will manage the show, with Norma Dearborn assistant manager. The production will be well staged and resplendent with bright costumes.

The Girls' Aegis is the regular school paper but edited entirely by girls. The paper will be the "Easter" number with a clever and appropriate cover drawn by Anita Miller. Margaret Morrison, one of the most clever artists on the art staff, has contributed more than a dozen cuts. Caroline Lovejoy, Lorita Jacobs, Ethel Schellhaas, Alice Warner and Nellie Hermle, also on the staff, will contribute several drawings. The paper will be well stocked with joshes, stories and exchanges.

John C. Mayo, the richest man in Kentucky, twenty-five years ago was a struggling school teacher in the mountains of the Bluegrass state.

SENATE INVESTIGATORS ARE ON TRAIL OF ALLEGED BRIBERS

PROBE DEEP IN BRIBERY CHARGE

Kohlsaat Names the Man Who Informed Him of Alleged Lorimer "Slush Fund"

Heads of Harvester Company Involved in Senate Investigation

SPRINGFIELD, Ill., April 5.—H. H. Kohlsaat told the senate bribery investigating committee today that Clarence S. Funk, general manager of the International Harvester Company, was the man who informed Kohlsaat that a "slush fund" of $100,000 had been put up to elect Lorimer to the United States Senate.

To the first question of Attorney J. J. Healy, Kohlsaat identified a telegram sent by him to Chairman Helm, saying his confidant called at the Record-Herald office and was willing to appear before the committee.

"When I arrived at my office Clarence Funk called and told me he would be less than a man if he held me to my confidence," testified Mr. Kohlsaat.

FEARED NO CONSEQUENCES.

"Mr. Funk told me that he talked with Cyrus H. McCormick, president of the company, and told him he thought he ought to release me, whereupon Mr. McCormick said:

"'Good, that is exactly what I wan. I do not care for the consequences to the International Harvester Company.'

"I met Mr. Funk on Jackson boulevard about thirty days after the confession of White, while on my way to the Chicago club. He did not seek me out at all.

"Mr. Funk told me the man who came to him told him they had an opportunity to elect Mr. Lorimer with a fund of $100,000. They sent it down and Mr. Funk told me they were looking for reimbursement."

FUNK IS CALLED.

Funk was the next witness called. He testified to a conversation with Edward C. Hines shortly after the Lorimer election. The witness said:

"The conversation took place in the Union League club. It was an accidental meeting. He said he had been wanting to see me and we sat in the lounging room.

"Hines said to me without preliminary, 'Well, we put Lorimer over, but it cost $100,000 to do so.'

"He said: 'We had to act quickly so that it became necessary for us to put up the money. Now we are seeing some of our friends to get it fixed up.' He gave me to understand they wanted to be reimbursed, and I asked him why he came to us and he said:

WANTED "RIGHT MAN."

"'You are as interested as anyone in having the right kind of a man in Washington.'

"I told him we would have nothing to do with it. He said he could only go to big people and wanted to get $10,000 from each of ten. He left me and told me to think it over."

"Whom did he say they were to send the money to?" asked Attorney Healy.

"I have no evidence on that and do not want to answer," replied Funk.

Chairman Helm of the committee ruled that Funk must answer this question.

"Edward Tilden, connected with the stockyards at Chicago, is the man to whom I was told to send the money," said Funk.

"Was anything said of Tilden collecting the fund?" Funk was asked.

"No."

"Were other names used?"

"No!"

"Did he give you names of any contributors?"

"No," and I did not ask him," replied Funk.

"You told him you and your company would not contribute; did you talk to anyone of your officers?"

TOLD McCORMICK.

"Yes, I told Mr. McCormick. Mr. McCormick said, 'Good, I'm glad you turned him down promptly.'

"I also told Edgar A. Bancroft, general counsel for our company."

Funk said he did not read the Record-Herald editorial which caused Kohlsaat to be called before the committee. He said Hines came to his office after the editorial appeared.

"Hines was disturbed," said Funk, "and undertook to refresh my memory on our conversation.

"He said he had not tried to get money from me and had talked of money just in a general way. That was the first time I talked with him after the first occasion."

Funk said his company had some dealing with the Hines Lumber Company. He said he had known Hines casually prior to the Union League Club talk.

Funk said he never had any difficulty with Hines and had no antagonistic feeling toward him.

AIDS KOHLSAAT.

"I am here because I did not want to see my friend, Mr. Kohlsaat, go to jail," testified Funk.

Funk said he knew Lorimer only slightly and never had had any trouble with him or his friends. He said C. Q. McCormick had no interest of any kind in the Chicago Tribune.

To Senator Helm, Funk said he had no idea who Hines meant by "we."

Answering Senator Burton, Funk said neither he nor his company gave any money for the Lorimer election.

Witness said he had no interests in politics.

The committee adjourned until a week from tomorrow.

STORM LEAVES WRECKAGE IN TRAIL

South Is Swept by Wind and Hail That Kills Much Livestock.

Train and Wire Service Tied Up in Louisville; Residents Marooned.

SAN ANTONIO, April 5. — A storm of wind and hail played havoc in the extreme southwestern section of Texas yesterday according to dispatches reaching San Antonio this morning.

In a measure, however, the damage to property was offset by the benefit the growing crops will derive from the heavy rainfall that followed the wind and hail.

On the Witt ranch, nine miles east of Brackett, 300 goats were killed by the hail.

In Kendall county the storm reached the proportions of a tornado, demolishing three buildings in the business section of Comfort and wrecking a number of steel windmills on nearby ranches.

Mrs. Rudolph Allerkamp was carried some distance by the wind and buried beneath a pile of wreckage. She was rescued unharmed. The house in which Michael Linder was sleeping was blown down but he was not hurt.

DEMORALIZES TRAFFIC.

LOUISVILLE, April 5. — Record rainfall and high winds that swept through portions of the extreme south yesterday and last night have interrupted train and wire service and left a trail of damage to growing crops.

Reports from Mobile say the rainfall was the heaviest there since June, 1900. Hundreds of persons living in the river part of the gulf city are marooned by high water.

New Orleans reports comparatively small crop damage along the Louisiana coast, but telegraph wires are prostrated. Shipping at Gulfport and Dunbars sustained slight damage. Through Central and Southern Louisiana growing crops were destroyed.

ELKS TO GATHER AT INSTALLATION

COURT ASKED TO DECIDE AMONG CLAIMANTS

STOCKTON, April 5. — With the appearance of several claimants for an estate amounting to $4419.86, which lies on deposit in the Stockton Savings and Loan Society Bank, having accumulated since 1876, when Mary A. J. Taylor placed $1000 in the institution, the bank officials have asked the Superior Court to decide among the several persons who have come forward since the bank published some time ago a list of the unclaimed amounts on deposit, according to the State law. As all records pertaining to the original depositor have been lost, and as she has never appeared at the bank since she made the deposit, the matter is further complicated.

Mrs. Margaret Taylor Ford, administratrix of the estate of Mary Taylor of Woodbridge, made the first claim, and she was closely followed by relatives of Martha A. Taylor of this city, who died in 1901, while a third claimant is said to be about to file claim to the money.

In settling the estate of the original depositor, the $1000 deposit was evidently overlooked, with the result that the court will now have to decide as to the rightful heirs.

$2,500,000 CEMENT CO. IN HANDS OF RECEIVER

TOLEDO, April 5.—The Peoples Portland Cement Company, capitalized at $2,500,000, with an unfinished plant at Sandusky, and incorporated under the laws of the state of Washington, with general offices in Chicago, was placed in the hands of a receiver today by Judge Killits in the United States Circuit Court. Frank L. Cable of Sandusky was named as receiver.

The petition was filed by Charles L. Wagner of Sandusky, a member of the board of directors, and named R. J. Kellogg of Cape Girardeau, Mo., president and A. S. Ford of Chicago, the treasurer of the company, as co-defendants.

It is charged that the company is insolvent.

TREASURER OF CAMORRA ON STAND

Rapi Testifies on Own Behalf and Denies Complicity in Murders.

Has Reputation of Being One of Most Versatile Gamblers in Europe.

VITERBO, Italy, April 5.—One of the most interesting characters in the Camorra, Giovanni Rapi, the supposed treasurer, was heard in his own defense today. Questioned by President Bianchi, of the Court of the Assizis, he made a general denial of complicity in the murder of the Cuocculos, called attention to discrepancies in the testimony of Gennaro Abbatemaggio, the informer, and sought to impress the jury by the assertion that, having escaped the jurisdiction of the court, he voluntarily returned to stand trial.

Rapi has the bearing of a gentleman and today he was dressed in the stylish clothes which he affects. Speaking in a carefully modulated tone and with precision, the prisoner betrayed a desire to emphasize his social superiority over the other thirty-five defendants.

IS A GAMBLER.

By profession Rapi is a high-class gambler and has experienced the usual ups and downs of a follower of chance. The surveillance of the Italian police becoming oppressive, he went to Paris and when expelled from the French capital he set up business in London, subsequently returning to Italy with a fat purse, there to go broke again.

He founded the Unione Del Mezzogiorno of Naples, to the success of which many of the aristocracy are said to have contributed their fortunes in a single night's play. He conducted gambling places also at Rome and Ostend.

In his resort Gennaro Cuocceto, the murdered Camorrist, is said to have gathered information of its patrons that made the latter victims of crime. Rapi had many bankers, politicians and journalists among his acquaintances.

UNENVIABLE REPUTE.

As a young man Rapi bore an unenviable reputation. An incident of his early career involved a woman companion. This woman had another admirer, lower in the social scale than Rapi. This man met a violent death. The authorities accused Rapi, but could prove nothing against him. When they continued their surveillance he left the country, going to Paris, where he remained until the end of 1902. Then, with other foreign gamblers, he was driven out of the city, going to London, where he remained during nearly the whole of 1903.

Referring to this period in his life, the prisoner said that not being in Naples in 1902, it could not be true, as Abbatemaggio said, that he was then acting as the receiver of stolen goods for the Camorra.

OAKLAND CLUB MEMBERS VOTE

Contest for Officers Waxes Hot as Women Cast Their Ballots.

The polls have been open since 10 o'clock this morning at the Oakland club and members registering their votes for the election of officers, which event has been the all-absorbing topic of conversation in clubdom. The business meeting will be held this afternoon and a heated contest is expected.

The insurgent forces are urging the election of Mrs. George Chambers, Mrs. John Mole and Mrs. W. D. Smith, while the official ticket, now that Mrs. C. J. Long has resigned, is left practically vacant so far as the presidency is concerned, as the nominating committee has not indorsed Mrs. Chamberlain. A large attendance will be present and the rival factions will thresh out the matter thoroughly. The outcome is awaited with much interest by the general public. The votes will not be counted until late this afternoon.

SOCIALISTS LOSE IN MILWAUKEE

Two to One Vote Cast Against Them in Yesterday's Election.

MILWAUKEE, April 5.—Complete figures on yesterday's judicial and school board election show that in the main contest for circuit judgeship the Socialist candidate, John C. Kleist, was beaten by the sitting judge, L. W. Halsey, nonpartisan, by a majority of 14,011 votes. The Socialists were defeated by nearly two to one in the contest for places on the school board.

Mrs. S. H. Cantroviz, the only woman candidate elected to the school board, ran about 10,000 behind the highest successful candidate.

ENGAGEMENT IS ANNOUNCED AT PRETTY 'AT HOME'

MISS GLENDORA ELLSWORTH, who has announced her engagement to Norman Courtright.

Miss Glendora Ellsworth, daughter of Mr. and Mrs. H. T. Ellsworth, old residents of this city, has announced her engagement to Norman Courtright, also of this city.

Miss Ellsworth gave a pretty "at home," when the news came as a complete surprise to the score of guests present.

The marriage date has not been definitely decided upon, but will be some time toward the end of June.

Meanwhile the bride-to-be will be given several complimentary affairs.

CAPWELL BASEMENT MAY BE UNDER STREET

Since the drawing of the plans for the H. C. Capwell building at Fourteenth and Clay streets and the ordering of steel for the structural work, the sidewalk has been put back two feet and the Board of Public Works discovered this morning that the excavation is being carried out to the old curb line. It is possible that there may be made necessary as a result a reconstruction of the basement plans of the big building.

Capwell received his street lines from the city just before the new ordinance widening the street and cutting down the sidewalk was passed. It may be possible to retain the present plans, which would send the basement about two feet outside the curb line under the gutter and street, if an arrangement is made by which adequate support may be made to hold up the street. The matter was referred to Building Inspector Towle for investigation.

SUES FOR $12,000.

SAN FRANCISCO, April 5.—C. C. Moores, a real estate broker, filed suit this morning against George H. Bayley for $12,500, which he alleges is due him on commissions for land sold in Modoc county. He claims that he showed the property to a prospective buyer, who later purchased direct from the owner.

SUPERVISORS VOTE FOR BONDS

Will Submit the New County Hospital Issue to People in Near Future.

$500,000 Required Carrying Out the Project to Successful Conclusion.

A meeting of the committee of the whole of the board of supervisors was held this morning for the purpose chiefly of perfecting the details of holding an election for the submission of a proposition to bond the county for the erection of a new county hospital, on which favorable action was taken.

There were present Supervisors Horner, Bridge, Mullins and Foss. It was unanimously agreed that the proposed bonded indebtedness should be fixed at $500,000, providing for the purchase of a site, the erection of a building, the payment of the architect's fees and commission, and the furnishing of the hospital. The bonds are to run for twenty years and bear interest at the rate of 4½ per cent, each bond to be of the denomination of $1000. One the 500 bonds thus issued twenty-five will accrue and be redeemed each year.

Deputy District Attorney Leon Clarke, who was in attendance at the meeting, figured that the issue, if authorized, would only add from one and one-fourth and one and one-half cents to the annual tax levy.

The matter of defining the boundaries of the precincts and the location of the polling places was left in the hands of the county clerk, who will have everything in readiness to incorporate in the resolution prepared by the district attorney, calling the election, which will be passed at the regular meeting to be called on the first Monday in May.

In regard to the $60,000 which the board and included in the last tax levy and set aside for the express purpose of buying a hospital site, Deputy District Attorney Clarke advised the board that whatever surplus of this amount remained in the treasury at the close of the fiscal year would be transferred to the county infirmary fund for the next fiscal year and a corresponding reduction made in that year's budget.

STEAMER TAKES WHEAT TO FAMINE SUFFERERS

EAOTTLE, April 5. — The steamer Kumeric sailed for the Orient today with 9... tons of wheat and flour for China and Japan. Famine conditions have stimulated grain shipments to China, but the controlling cause of the heavy demand from Japan is the new Japanese tariff, which levies an import tax on wheat and flour and goes into effect July 1.

Importers are making heavy purchases to get ahead of the tariff.

S.S.S. CURES ALL BLOOD INFECTIONS

Contagious Blood Poison, as the name indicates, is an infectious blood disease, of such intense nature that once the virus gets into the circulation, no portion of the body is free from its destructive force unless it is promptly checked.

It usually begins with a tiny sore or pimple as the only outward evidence of its presence. But in a short while its many symptoms begin to make their unwelcome appearance. The mouth and throat ulcerate, itching rashes appear on the body, the hair comes out easily, brown splotches appear on the limbs, etc. So highly contagious is the disease that it is sometimes communicated from one person to another by the use of the same toilet articles or handling the clothes of an infected person. It is a dangerous poison and should not be trifled with; the blood should be cleansed as quickly as possible of the destructive virus.

Some eight years ago I was inoculated with poison by a nurse who infected my babe with blood-taint. I was covered with sores and ulcers from head to foot. I was advised to use S. S. S. We got some, and I improved from the start, and a complete and perfect cure was the result. S. S. S. is the only blood remedy which reaches desperate cases.
MRS. T. W. LEE.
Box 300, Savannah, Ga.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These broke out into sores, and it is easy to imagine the suffering I endured. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. I was soon entirely well, and my skin was as clear as a piece of glass.
H. L. MEYERS.
58 Clinton St., Newark, N. J.

S. S. S. has been curing Contagious Blood Poison for more than forty years. It goes right down into the circulation, and removes every particle of the poison. While curing the disease S. S. S. adds richness and nourishing powers to the blood, and a person who is cured by the use of S. S. S. will find that every portion of the system has been benefited by the treatment. S. S. S. cures so perfectly that there is never any return of the old symptoms; it drives the poison completely out by purifying the blood. S. S. S. is known everywhere as the greatest of all blood purifiers, and for this reason it is a sure cure for Contagious Blood Poison. Write for our Home Treatment Book and any medical advice you may desire, free. S. S. S. is for sale at drug stores.

IMMIGRATION BARS TO BE LET DOWN

Hawaii to Offset Influx of Japanese by Admitting Chinese.

HONOLULU, April 5.—A majority of the legislature of Hawaii is pledged to memorialize Congress for a modification of the Chinese exclusion law as far as Hawaii is concerned in order to relieve the labor famine and offset the influx of Japanese.

The suggestion is that a limited number of Chinese should be brought to the islands on five-year contracts.

The dearth of labor has become more acute in the past few weeks through the operations in Hawaii of labor agents from the Pacific coast, who have been recruiting Filipino and Porto Ricans for work in the fish canneries of Alaska and in the fruit growing districts of California. The laborers had been brought to Hawaii at considerable expense to the government.

PASSENGERS ON OWL TRAIN NEAR DEATH

MARTINEZ, April 5.—Passengers on the southbound Owl had a marvelous escape from a wreck and probable great loss of life here, although they knew nothing about it. Shortly after the passenger train with its load of human freight passed a heavy freight train following left the track, owing to a spread rail just inside the city limits, and piled up in a disastrous wreck.

Officials of the railroad company assert that the damage to the track was caused by the recent storm, but admit that it was only by a miracle that the Owl escaped the fate of the following train. It is said by those who are acquainted with conditions in railroading that the higher speed of the passenger train enabled the cars to pass safely over the damaged rail, while the slower and heavier freight train forced the weakened steel apart, and thus left the track.

LOCAL SCHOOL TEACHERS WILL HEAR BAUMGARDT

On Thursday afternoon at 3:30 o'clock the Oakland school teachers will meet at the Common School Assembly Hall to listen to the lecture of W. R. Baumgardt. The subject of the celebrated lecturer will be "Paris, the Historic City." Mr. Baumgardt has been delivering a series of lectures in Oakland, and his lecture on Paris promises to live up to the standard of his others. The speaker has a very pleasing delivery, and while here has caused much comment by his ad dresses.

FURTHER NEWS OF MRS. POWELL

Sheriff Smith Receives Letter From Woman's Father in Missouri.

SANTA ROSA, April 5.—Further proof of Mrs. Blanche Powell's acquaintance with L. C. Chisholm, arrested in San Francisco for the death of John Powell, has been received by Sheriff J. K. Smith from the woman's father, R. E. Samuels of Cedar Gap, Mo. Samuels wrote Sheriff Smith that his daughter had sent him three letters from San Francisco this year in which she mentioned "Dr. Chisholm."

Samuels sought information from Sheriff Smith in regard to the whereabouts of Chisholm and the details of the case now pending against him. He also wanted to know where his daughter was and the nature of the trouble she was in. The woman's father said that she wrote to him from San Francisco on February 23, again on March 3 and still another time on March 10. Since the last date mentioned Samuels says he has not heard from his daughter and that his letters to her may not have been delivered. Samuels said he did not know John Powell.

Mrs. Powell is still being kept in hiding by District Attorney Lea, who says that he is not quite ready to take up her case as yet. Sheriff Smith announces that he is going to San Jose to look up the Mrs. Thompson mentioned in connection with the Chisholm case.

District Attorney Lea has learned that R. C. Howard passed a money order in Cazadero February 24 for $9, issued by J. T. Williams of San Francisco. When Chisholm was in Cazadero getting ready for his camping trip to Fort Ross he went under the name of J. C. Howard. Sheriff Smith will look up the San Francisco money order sender to see if he knows Chisholm and is in any way concerned in the murder of Powell.

Tonight's Winner at Wheelmen's Show Will Be in Line to Meet White Hope Morris

SMITH AND LANUM WELL FIT FOR HARD CAMPAIGN

Both Heavies Trained to the Hour and Feel No Doubt as to Who Will Win

By EDDIE SMITH.

Regardless of the weather conditions thrust upon us by the guiding spirit of the storms, old J. Pluvius, the Piedmont Pavilion will be filled to an overflowing tonight by an anxious lot of fans who are willing to weather a little rain to witness a good night's sport with the gloves.

In order that every accommodation possible may be meted out to the patrons of their show, however, the management of the Oakland Wheelmen Club have promised to open the doors promptly at 7:30 and to adhere to their usual promptness in starting the show at 8:30.

With the three four-round bouts and the three six-round contests that are to be staged the fans from San Francisco who are sure to follow Lanum to this side of the bay will have ample opportunity to get home at a reasonable hour.

The main event bout between Joe Lanum and Gunboat Smith has of course attracted the major portion of the attention to the show and the fans have taken to it like a hungry dog to a bone. From the first appearance of the sailor in Oakland he has always been a great drawing card, through the fact that he is a sensational performer.

No one can ever tell when the husky Gunboat will let fly the swing that will end the contest and that is the sort of boxer who always pleases the fans best. Tonight he is matched with a man whom the San Francisco fans look upon as just as sensational a performer.

LANUM HAS ALWAYS DONE WELL.

Lanum has done all that has been asked of him in the four-round bouts on the other side of the bay and has done so neatly and in a manner that has led the followers of the short round bouts to believe he carries the big knockout in either hand and deals it out so nicely that the opposing party has all he can do to keep on his feet.

By virtue of the fact that Lanum has bested many of the same men that Smith has bet in shorter time and more decisively the fans who like to risk a little of their earnings on the outcome of such affairs have made him the favorite in the wagering.

When the men step into the ring, however, there is little doubt but that even money will prevail for there are any number of men on this side of the bay who will back the sailor. Both of the big fellows have their eyes on a bout with Carl Morris, Jim Flynn or Al Kaufman, and last evening the matchmaker received a statement from each to the effect that they were well satisfied with their condition. This will mean that the air will fly in big chunks when the men respond to the call of the first bell to start their battle for individual supremacy.

SPECIAL BOUTS SHOULD BE CLASSY

With the weighing of Patsy McKenna and Sailor Petrosky at 7 o'clock this evening and with a similar weighing of Freddie Couture and Ray Boughman at 8 o'clock the final settlement of the special bouts will have been attended to.

The first named pair are to weigh in at 158 pounds, and at this figure each man should be well fitted for a rough 6 rounds. The little fellows are to tip the scales at 122 pounds and this should be easy for both.

The special bouts appear to be of the kind that should produce some classy milling, and with the three four-round preliminaries the Wheelmen appear to have a show that should prove well worth the trouble. The pavilion is all in readiness and a large crowd is expected.

JIM GRIFFIN IS STILL IN THE AIR.

Jim Griffin is still in the air, so to speak, in regards to his card for this month's professional show in San Francisco. Last evening Jim wired Sammy Smith and Matty Baldwin, offering them a match with Johnnie McCarthy, the San Francisco heavy-lightweight.

McCarthy is to meet Charlie Reilly at the Dreamland Pavilion Friday night in the main event of the four-round show that is to be staged there, and if success crowns his effort with the clever four-round specialist he will surely get the match with one of the eastern lightweights.

Besides the lightweight match Griffin is after the Johnnie Coulon-Frankie Conley match that was made some little time ago and left open to the club making the best bid for it. The red haired promoter is making every effort to land this bout and if he is successful he certainly has a card that will please the fans.

Conley only appeared here once, when he defeated Jockey Bennett at one of the Reliance Club shows at the Piedmont Rink some time ago.

CONLEY SEEN HERE BEFORE.

At the time Frankie jumped off the train that had brought him here from Chicago and substituted for another lad who failed to put in an appearance. He showed well but was of course under wraps on account of his condition. Since that time Conley has forced himself to the front in grand style.

Conlon has never been seen here, but his reputation as a mitt artist is so well known that he would be sure to prove a great card. He is one of the best of the latter day boxers and if this match can be made Griffin will have little trouble in filling the house.

* * *

Frankie Edwards and Kid McLellan will meet in a twenty-round contest at Kennett, Cal., on next Wednesday night, before the Mammoth Athletic Club, of which Ben Biernan is the manager and matchmaker. Edwards has been training for the bout for some little time and fully expects to stop the up-country lad, who has been wining right along from the lightweights whom he has met.

* * *

Harry Burns, of Seattle, writes us challenging the winner of the Lanum-Smith bout of tonight in behalf of Ed Hagen, whom he claims is the best heavyweight in the North. Burns claims that Hagen bested Jim Wilson, Fred Cooley and Young Fitzsimmons here before going north and since that time has shown much improvement.

NOT OVER ANXIOUS TO HELP ATHLETES AT BERKELEY

Attempts to collect ten cents each from 4000 undergraduate students at the University of California yesterday to finance the entertainment of 300 preparatory school athletes from Coast high schools during their two days' stay in Berkeley on April 28 and 29 resulted in the collection of just $6.85.

As a result Chairman Butler of the committee in charge expressed his disappointment at the lack of support of the plan to interest athletes in registering at the local university after graduation and issued another call for students to come forward with their dimes and assist in boosting the track event.

COMISKEY TO CARRY INSURANCE ON HIS PLAYERS

CHICAGO, April 15. — In an effort to protect himself from total loss of money when his players become ill or are injured, Charles A. Comiskey, owner of the White Sox, has had each of them insured with a St. Louis company.

This plan has been under consideration by the Old Roman since Sullivan was injured in California last year, and when Blackburne was put out of the game with a bad knee it settled the question in the south side magnate's mind.

The insurance covers accidents, illness and death from any cause.

ONE-LEGGED SWIMMER TO MEET RIVAL AT OLYMPIC CLUB

SAN FRANCISCO, April 5. — Swimmers are greatly interested in the races to be held at the Olympic club tank on Friday night between McWood and Resleure at 220 yards, and Bond and Dawson over a 100-yard course.

These events are the outcome of the club tournament held in Febraury. In those races Resleure, the one legged marvel of the club, beat out McWood races ever seen at the Olympic club. Both men went the full 220 yards nip and tuck, first one and then the other leading by inches, and McWood immediately challenged Resleure to race again. President Humphrey has donated a handsome cup for the race.

The other race is to decide the ability of Dawson and Bond over the 100-yard distance. Both are in splendid form and a great race is looked for. Several other events for club members will be run off in conjunction with the two specials.

VICTORIA RACE TRACK IS TO OPEN ON AUGUST 12

Phil Riley, one of the officials of the Victoria and Vancouver racing associations, who is at present in Oakland making arrangements for the shipment of 150 horses to the British Columbia tracks, received a telegram from E. S. Shelton, manager of the new racing association which was recently formed in Spokane, Wash. Mr. Shelton says that the new track will open on August 12 and will run forty days or more, and that his associates will be glad to form a circuit with Victoria and Vancouver. They will give two stakes weekly valued at $1000 or more. No purses less than $800. The track will be completed August 1.

ALOHA CLUB DEFEATS GARFIELD SCHOOL

COLUMBUS ASSOCIATION OUTLAWED.

BUFFALO, N. Y., April 5. — The stewards of the grand circuit meeting in this city yesterday passed resolutions practically outlawing, it was said, the Columbus association, which recently announced an independent meeting on August dates awarded to Fort Erie and Goshen.

TOKAY LEAGUE OPENS SUNDAY.

STOCKTON, April 5. — The Tokay league baseball season will open next Sunday afternoon. An automobile parade will mark the opening of the season here.

EIGHT CLUBS ENTER SEMI-PRO. RANKS OF BASEBALL

The Central California baseball league will open its season on Sunday. There are eight clubs entered — five home teams and three traveling teams. The towns with home grounds are Vallejo, Richmond, San Leandro, Alameda and Hayward, while the traveling aggregations are Elmhurst, Fruitvale and the Clarions, who play under the Berkeley franchise.

This will be the first season for the Clarions in the semi-professional league, but there is not a doubt that they will live up to the showing made by them in the summer series of last year and the midwinter league just closed has been most creditable.

They are scheduled to open the season at Richmond and an exciting contest is looked for.

The other opening games scheduled for Sunday are:

Elmhurst vs. Vallejo at Vallejo.

San Leandro vs. Alameda at Alameda.

Fruitvale vs. Hayward at Hayward.

The league is under the jurisdiction of the National association and governed by the same rules by which all the big professional clubs are playing. Many big league players have been developed by this class D league and the eyes of the Pacific Coast managers are always open for players showing true form in this minor aggregation. Judge Shortall is the president and J. C. Toffelmier secretary.

Cure, the French champion, who is Hoppe's opponent, is playing most unevenly, but the young American continues to show his ability to work runs of three figures. A list of his best runs in recent games is as follows: 373, 346, 323, 291 and 201.

YOI! YOI! ABE ATTELL IS GOING TO LOSE FIFTY THOU

NEW YORK, April 5. — Abe Attell, who suffered another injury to his left shoulder in his bout with Frankie Burns here last Friday night, has been ordered by his physicians not to fight for at least six months, and probably not for a year. There is a possibility that the arm is so badly injured that Attell will never be able to return to the ring.

The enforced retirement for a year means a loss of from $30,000 to $50,000 to the fighter, who had mapped out a busy campaign. One of his first matches was to have been with "Knockout" Brown, whom Manager Danny Morgan promised to send against the little champion as soon as Brown's ear was again in shape.

Attell rested more than two months after the arm was first injured in his bout with Kilbane at Cleveland, but the rest was not long enough.

DELUGE INTERFERES WITH FIRST OAK-ANGELS GAME

Secretary Farrell Reverses Self and Declares Benny Henderson Still Ineligible

By BERT LOWRY.

April showers put the damper on the ball game yesterday and fully 4000 faithful followers of the great American game were doomed to disappointment. Yesterday was the day that the Oaks were to make their first around-the-bay appearance this season; also the Angels, and the bugs were out in large bunches to give welcome to the leaders and Frank Dillon's possibilities.

RESULTS OF GAMES.

Portland 2; Vernon 1.

San Francisco vs. Sacramento; rain.

Oakland vs. Los Angeles; rain.

Along came the showers, though, shortly after the hour of lunch, and it was necessary to postpone the august event until another day. Maybe Old Sol will be able to send the clouds aglimmering and will dry up the ball grounds so that the two teams can go at it this afternoon.

Big Jim Wiggs, who is brimming over with confidence and also showed us a week ago that he was some pumpkins in the hurling line, had been salted to do the twirling for the Oaks, while "Red" Delhi was to pitch for the Angels.

Both these slabsters are in the pink of condition and should have put up an elegant game of ball. Again we'll say maybe they will get a chance to show us what they have today.

HOOLIGANS DROP ONE TO THE BEAVERS.

Down where the oranges grow Happicus Hogan had his woes, for those "Every one a champion" (nearly) of his were humbled by the Beavens after nine innings of ball by a score of 2 to 1, and now Happy is digging the cellar a little deeper to slide into.

Lefty Hitt was on the firing line for the Hooligans and got away with his job in pretty good style, but that inability to clout the ball and to play the game right by his team was unable to overcome the start the Beavers took.

For Walter McCredie's men it was Koestner, one-time Angel, then a Nap, who did the hurling and a very creditable game he tossed. Here's the figgers of how it happened.

AGAIN FARRELL REVERSES HIS DECISIONS.

The man who changes the rulings of the National Board of Arbitration to suit himself, J. H. Farrell, has discovered (by himself) that Benny Henderson isn't eligible to play ball again. In consequence Walter McCredie has been told to fire the young man, and it is on your way for Benny. He is denied the right to earn his living.

It isn't so many weeks ago that this same gentleman (Farrell) gave Doc Moskiman a chance to go to work again and then told him to get out of organized baseball once more, a sort of on again and off again proposition.

Here's two fellows whom, as we have often remarked, did no worse than Hal Chase, Johnny Kling and lots of other contract jumpers, still they can't play ball. Isn't it about time for the powers that be in the minor leagues to demand an explanation from this high mogul of the game?

STANFORD PROFESSORS CREATE LOTS OF SMILES AND GUFFAWS.

That edict of Professors Jordan and Angells of Stanford that baseball and football should be put under the ban at the college created much amusement among the clean sport loving people around the bay and many other places.

The more one thinks of it, the more they must laugh. Last Sunday twenty-five thousand clean-cut, intelligent men and women and children saw the ball games of the Coast League. On opening day at Sacramento, San Francisco and Los Angeles the mayors of those towns tossed the first ball over the plate, and on the opening day at Oakland it is presumed that Mayor Frank Mott will do a like service.

In the parades given on opening day were men high in the affairs of the State and cities, judges, doctors, lawyers, priests and ministers. Would these men lend their aid and assistance to the promotion of baseball if it was a rough-neck or 'systematic muckerism' pastime? No, sirree, and the two professors made an awful funny crack when they started in to hammer the two best and cleanest of all outdoor athletics, baseball and football.

Diamond Dust

It all depends on the weather. If the clouds will roll along and the sun will peep, then the Oaks will be royally entertained tomorrow on their first appearance on this side of the bay since the opening of the season.

Like on previous occasions there is to be the big automobile parade, the band of music and the tossing of the first ball over the plate by the tried and not found wanting Mayor Frank K. Mott.

Prior to the big parade there is to be an informal luncheon at the Saddle Rock restaurant under the auspices of the Progress and Prosperity Committee tendered to the players.

* * *

There is just a chance that the game postponed yesterday will be played on Monday at Freeman's Park. The Oaks are home next week with the Beavers and the Angels don't have to leave for Sacramento until Tuesday evening, so the time can be filled in with a ball game.

* * *

Hennery Berry, he of the sky-pink lids and rainbow colored ties, is due hereabout shortly now. Word from the south has it that Sir Hennery is packing his duds ready to pay us a visit.

* * *

Los Angeles critics are up in arms against Happy Hogan and already are telling him to go out and get a ball team. We know it's a hard proposition to build up a winner, but Happy can and should do better for the fans than he has so far.

* * *

That fan who said that First Baseman Patterson of the Hooligans was worse than an old woman beating a carpet at the bat must have had a merry laugh when he read the account of the southern game. Patterson had the chance three times to send a man in from third base and each time he fanned.

* * *

Charlie Friene, former Santa Clara college pitcher, then a member of the world's champions, is on the Los Angeles pay roll. Friene is one of the rare novelties of the game; that is, he can pitch with either hand and has been known to use the left for several innings and then the right for several innings in a game.

* * *

Los Angeles has given up hope of getting Walter Nagle back. The mainstay of the Angels last year is making a great hit in the retaining camp of the pirates and Fred Clark has no intention of letting him go.

* * *

Several new faces will be seen in the Los Angeles lineup when they appear hereabouts. Moore is an outfielder from the bushes; Akin and Metzger played class B ball last year; Abbott was an Eastern leaguer; Agnew comes from Seattle; Grindle caught for the semi-pros down south.

* * *

Carlisle and Ross were the only Hooligans that managed to glom a hit off of the delivery of the former Angel, Elmer Koestner.

* * *

Bill Tozer was left at home by the southerners as he has not yet fully recovered from the bullet wounds he received from a bush umpire at Murietta Springs during the training camp stunts.

MRS. WILKINSON PROVES SANITY

Convinces Judge Ellsworth of Her Competency to Manage Business Affairs.

Charging that Mrs. Clara Garrett Tevis, her aged sister, was trying to railroad her to a lunatic asylum in order to get control of her property, valued at about $20,000, Mrs. Anna G. Wilkinson, of 2638 Dwight way, Berkeley, who is herself 66 years old, this afternoon convinced Superior Judge Ellsworth and a lunacy commission that sat in her case that she was sane and secured her discharge from custody.

Drs. H. G. Thomas and Arthur L. Cunningham, Mrs. Jennie Lloyd, a tenant of Mrs. Wilkinson, and N. E. Munro, assistant cashier of the Berkeley Bank of Savings, appeared in behalf of Mrs. Wilkinson and testified, not only as to her sanity, but to her keen business acumen as well.

The only witnesses against the old lady were his visiting sister, who had filed the information against her, and Professor Warring Wilkinson, the accused woman's brother-in-law.

Mrs. Tevis testified that she had come all the way from Philadelphia to be with her sister during an illness from which she has not yet fully recovered, and that since her arrival in Berkeley Mrs. Wilkinson had made life unbearable for her, accusing her of stealing money, raising bank checks drawn by Mrs. Wilkinson to pay current debts and threatening to do her violence. All of these allegations Mrs. Wilkinson denied.

Who appeared for Mrs. Wilkinson, stated to the court that since her arrival from the east, Mrs. Tevis tried repeatedly to induce Mrs. Wilkinson to give her a deed for all the property she possesses.

When Mrs. Tevis was asked about this, however, she vehemently denied the allegation, but, despite the denial, Hynes informed the court that he had positive proof of the fact.

PRIEST SCORES MARCH PELICAN

BERKELEY, April 5.—Father Thomas Brennan, temporarily in editorial charge of the St. Joseph Record in the April number has a stinging editorial criticism of the St. Patrick's day number of the Pelican, which had the sub-title of "Creme do Mentho Number." It was devoted almost entirely to things Irish.

Father Brennan takes exception to the class of the matter published in the edition and characterizes it as "vulgar wit, cheap charicature, humor redolent of the beer-joint, vulgarity, indecency and glaring deficiency."

ELECTION IS HELD BY THE OAKLAND CLUB

The rooms of the Oakland club in the Star King hall were filled with women this afternoon when the annual election of officers was the chief business of the session.

Mrs. Leon N. Hall, president of the club, called the meeting to order, and shortly after 2 o'clock she made a motion to the effect that the votes be counted. The regular ticket was scratched and according to latest reports from the tellers Mrs. Charles S. Chamberlain was ahead in the vote for the presidency. Her name was substituted on the regular ticket for Mrs. C. J. Long, who had withdrawn from that office.

The names on the regular ticket were as follows:

Mrs. C. J. Long, president; Mrs. Sturtevant Peet, first vice-president; Mrs. W. D. West, second vice-president; Mrs. F. W. Laufer, third vice-president; Mrs. G. W. Harrison, recording secretary; Mrs. John Newton Porter, corresponding secretary; Miss Theresa Russeau, financial secretary; Mrs. E. I. Bartholomew, assistant secretary; Mrs. George Samuels, treasurer; Mrs. George R. Chambers, auditor.

FIRST MARRIAGE SECRET, SECOND INSISTED UPON

MRS. CLAUDE S. WOOTEN, whose secret marriage was followed by a second wedding.

BERKELEY, April 5.—When Claude S. Wooten, an employe of the Southern Pacific Company, and Miss Mary E. Burman, daughter of Mrs. Mary Burman, 1514 Fourth street, revealed the fact on Monday that they had been married secretly in San Rafael on February 15, Mrs. Burman insisted that another wedding be performed, as her daughter was not seventeen years of age when the first took place without the parent's consent.

As a result, the second nuptials took place last night in West Berkeley, the Rev. A. Y. Skee performing the ceremony. The young couple have already taken up their residence on Fourth street.

WORK ON HOTEL IS PROGRESSING

Directors Arrange to Have No Interruption Pending the Issuance of Bonds.

At a meeting of the board of directors of the Oakland (Bankers') hotel company held this morning, ways and means for carrying on the work of hotel construction without interruption or curtailing its expedition pending the proposed issuance of $400,000 bonds were discussed and provided for. The sale of these bonds has been negotiated in advance of their issuance, but the latter cannot be accomplished until the subscribers to the stock have paid up the total amount of $750,000 now due and the secretary is in a position to certify to the payment to the banks which have agreed to take up the bond issue. The secretary reports that the cash now on hand will be used up within sixty days in the construction work, which is proceeding satisfactorily. He is, therefore, earnestly soliciting promises of immediate payment from all the stockholders of the amount of their subscriptions remaining unpaid. He reports meeting with flattering suport and attention.

Wants to Know Upkeep Cost of Philippines

WASHINGTON, April 5.—Representative Cox of Ohio introduced a resolution calling upon President Taft to furnish Congress with information showing the entire cost to date of the occupation of the Philippines by the United States. Mr. Cox declared that the islands were a burden and that in case of war this country would be humiliated by losing them. He intends to urge a treaty neutralizing the islands, placing them in the control of Great Britain, Japan and the United States.

GRAND JURY INVESTIGATING JUVENILE COURT'S EXPENSES

Running Expenses, Including Detention Home, Amounted to $14,283.25 From July 1, 1910, to April 1, 1911

District Attorney Donahue and the Grand Jury are investigating the expenses of the Juvenile Court and the cost of the maintenance of the Detention Home.

County Expert John Sabin has submitted to the District Attorney a financial statement of the cost from July 1, 1910, to April 1, 1911, as a basis of the investigation.

The report of the county expert shows that the total amount expended for the Detention Home and the Probation office between the dates named was $14,283.25. This sum includes the salaries of the superintendent of the Home, the watchman, matron, assistant matron and physician, and the cost of maintenance of minors committed by the judge of the Juvenile Court of the care of the different institutions making a specialty of such cases. It does not include, however, the salaries fixed by statute for the probation officer, assistant Probation officer and three other deputies, which aggregate $7200 per annum.

It cost $6566.72 to maintain those children committed by the Juvenile Court to special institutions caring for juvenile offenders.

District Attorney Donahue says that for nine months the county has paid out actually on account of the maintenance of juvenile offenders, the sum of $14,283, and there is an outstanding indebtedness of approximately $2000 additional, making the total cost for the nine months of the fiscal year, $16,283.

"At the same ratio of expense," said Donahue, "the total cost of maintaining the system during the year, not including the salaries of the Probation officer and his deputies, will amount to $20,283.

"This expense has grown out of nothing," continued Donahue.

"The system, if managed in a practical way, is, I believe, a good thing; but if it is conducted on a theory, it is all wrong.

"As a matter of fact, it has a tendency to cause indifferent parents to throw the burden of caring for their wayward offspring on the county, and there is no knowing where it will end."

EBELL DELEGATES TO BE UNPLEDGED

The Suffrage Question Is Not Answered by the Local Organization.

The Ebell Club meeting yesterday was of unusual interest and was largely attended. The members expected to decide the suffrage problem and pledge their support, either for or against the equal suffrage bill but although both sides presented their arguments with clearness and force, no decision was reached, and the delegates to the California Federation of Women's Clubs next month will vote as individuals, as the club will not pledge itself to either side.

There has always been a strong sentiment in the club against the discussion of suffrage and kindred topics and yesterday's argument was something in the nature of an innovation, despite the fact that no official decision was given.

The election of the board of directors was an important feature of the annual meeting, with amity marking the choice of the officers for the coming year. Mrs. Charles J. Woodbury succeeds herself as president. The other officers are:

First vice-president, Mrs. C. W. Kinsey; second vice-president, Mrs A. C. Posey; recording secretary, Mrs. Charles Leonard Smith;; financial secretary, Mrs. W. F. Kett; treasurer, Mrs. A. R. Glascock; corresponding secretary, Mrs. E. W. Owen; secretary of publications, Mrs. D. B. Huntley; general curator, Mrs. A. G. Wilkinson; membership committee, Mrs. F. W. Morse, Mrs. A. L. Adams, Mrs. G F. Newton, Mrs. E. H. Benjamin and Miss Henrietta Frear.

The delegates elected to the state convention are:

Mrs. James R. Hume	Mrs. M. E. Chadbourne
Mrs. Sarah Borland	Mrs. A. H. Glascock
Mrs. Mary Childs	Mme. F. H. Kelt

The alternates are:

Mrs. John C. Lynch	Mrs. John Bakewell
Mrs. C. S. Chamberlain	Mrs. C. H. Miller
Mrs. George A. Willard	Mrs. S. M. McFarland
Mrs. Dana Harmon	Mrs. Wallace Everson

MAYOR MOTT TO PITCH FIRST BALL TOMORROW

Final arrangements are being made today for an elaborate luncheon to be given the Oakland baseball team at the Saddle Rock cafe tomorrow noon by the progress and prosperity committee of the Chamber of Commerce.

Following the luncheon a parade will form at Thirteenth and Franklin streets in which the Los Angeles team will probably join. Many automobiles are needed to make the event a success and the secretary of the arrangement committee, J. C. Mayor Frank K. Mott will pitch the first ball at Freeman's park.

PULL OUT A HAIR

The Way to Tell Whether or Not Your Hair Is Diseased.

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. Ninety-eight per cent of the people need a hair tonic. You can make a test yourself that you can see and understand, which will tell you whether your hair is healthy or not. Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want everyone whose hair requires treatment to try our Rexall "93" Hair Tonic. We promise that it will not cost anything if it does not give satisfactory results. Rexall "93" Hair Tonic is designed to overcome dandruff, relieve scalp irritation, stimulate the hair roots, tighten the hair already in the head, grow hair and eradicate baldness.

Out of 100 cases where it was given a thorough, conscientious test, it grew hair on 93 heads, which should be sufficient proof that Rexall "93" Hair Tonic contains extraordinary remedial and hair-growing qualities. It is because of our knowledge of this preparation and our sincere faith in its goodness that we want you to try it at our risk.

Rexall "93" Hair Tonic is a clean, clear preparation which does not grease, gum or thicken the hair, and it has a very pleasant odor. We have it in two sizes, prices 50c and $1.00. Remember, you can obtain Rexall Remedies only at The Owl Drug Co., Inc., 10th and Washington, 13th and Broadway, 16th and San Pablo.

STOCK MARKET IS IRREGULAR

Securities Show Many Vagaries in Price Both Up and Down the List.

NEW YORK, April 5.—The stock market was irregular at the opening today. The most marked changes were the advance of 2 points in Baltimore and Ohio—and the decline of the same amount in National Biscuit. People's Gas lost 1½.

There were a few strong stocks among the inactive specialties, Lackawanna moving up 10 points. American Can preferred 1% and General Electric 1¾.

Trading was more active this morning than for many days previous, with the greater part of the business coming from the short side. Bear traders showed more confidence and succeeded in forcing recessions in many stocks, although advances in other issues gave the market an appearance of irregularity occasionally. The advance of Baltimore and Ohio was attributed, in part, to buying in London, from which point there came a report that Pennsylvania had offered to take over Union Pacific's holdings of the stock at 110 and that the offer had been refused. The report met with prompt denial here, but it was generally believed that accumulation of the stock in a large way was going on.

The trend of prices was upward at midday and the last ruled at last night's close. An active inquiry for National Biscuit cancelled its early decline and there was a brisk demand for American Can preferred, which moved up 2½ on reports that the stock would be placed on a higher dividend basis.

Associated Oil declined over 3 points below yesterday's final figure to 52, which compares with 60½, the high point of Monday.

Union Pacific preferred was bought actively and advanced 1½, on an apparent resumption of the recent active demand.

Inactive securities were quite extensively dealth in, notably Union Pacific preferred, which rose 2½. Reading first and second preferred were also bought freely and Distilleries Securities rose 3. United States Rubber lost 1. Reading stocks were neglected, but hovered close to yesterday's closing price.

Standard stocks were in better demand, especially Union Pacific, Reading, United States Steel and some of the previously weak features also sold above last night's close. Bethlehem Steel stocks went up ¾ to 2 points on buying said to be in recognition of its recent favorable showing of earnings.

The market closed very steady. Liquidation in People's Gas extended its loss to 4½ and undermined the market and there was a fractional reaction all around.

Bonds were steady.

MONEY FOUND IN WOODEN LOG LEADS TO ARREST

TAMPA, Fla., April 5.—Following the finding of $3200 in a hollow log J. J. Abbott, a mail clerk, was arrested in connection with the disappearance of $10,000 from a mail pouch on a train near this city recently. The money found in the log is supposed to be part of the booty of the thieves. Postoffice inspectors are looking for two more persons supposed to be implicated.

DR. GAMBLE LOSES SUIT FOR ESTATE

Court Throws Case Out of Court After Sensational Testimony.

Judge James D. Murphey of Mono county, presiding over the probate department of the Superior Court, granted a non-suit late yesterday afternoon in the contest brought by Dr. Aaron W. Gamble. The cause was thrown out of court on the ground that "a father cannot inherit property from an illegitimate son any more than an illegitimate son can inherit from his father." Notice of an apepal from the ruling was entered by Attorney H. C. McPike, counsel for Dr. Gamble.

The aged contestant's testimony proved the boomerang that shattered his own case. While on the witness-stand Dr. Gamble told the jury that nearly forty years ago he deserted his wife in Canada and eloped to the Pacific Coast with a Mrs. Marie Katherine Donnelly, a widow with two children—Marie Katherine and Charles P. Donnelly. It was the daughter of Dr. Gamble's common law wife, who won the suit that Dr. Gamble brought. Walter H. Gamble was born to the aged physician and the woman who passed as his wife up to the time of her death.

Some time prior to his death young Gamble gave to his half-sister most of his estate, which is valued at $25,000. Dr. Gamble and the young man's mother contested bitterly in the Superior Court for possession of a portion of the property, but this fight was terminated when it was fiercest by the death of the woman who bore the name of Mrs. Gamble. Then Dr. Gamble went into court to have all conveyances and gifts made by young Gamble to his half-sister set aside on the ground of undue influence.

UNDUE INFLUENCE USED, IS CHARGE

Attorney Declares Mrs. Kendall Has Given Away Fortune to Daughter.

Attorney F. L. Button, representing Mrs. Ella Kendall, late yesterday afternoon took preliminary steps in the Superior Court in a fight over the property of the woman's aged mother-in-law, Elizabeth Kendall, by filing a petition for appointment as her guardian. It is charged that the old lady has given to a daughter, Mrs. Inozetta Chesley, about $15,000 worth of property, and that this daughter exercised undue influence to get possession.

Elizabeth Kendall was declared an incompetent about eight years ago and a guardian was appointed. About two years ago, however, she was restored to capacity and immediately afterward, it is alleged, the gifts to Mrs. Chesley began and continued until Mrs. Kendall gave away practically all her holdings without realizing what she was doing.

Several thousand dollars on deposit in the Hibernia Bank in San Francisco and real estate in Sacramento and Amador county are said to be included in the property transferred to Mrs. Chesley.

CLEVER TEAM WINS MANY PLAUDITS AT BELL THEATER

FRANKIE ST. JOHN, who is scoring at the Bell Theater.

Johnnie Lefevre and Frankie St. John, two clever young people, are at the Bell theater this week with their laughable satire on stage life, "The Show Girl." The scene of their little playlet is supposedly on the stage during a Monday morning rehearsal. Lefevre is natural in the immortal "Mr. Props" and Miss St. John gives us an inkling of the somewhat "fresh" show girl as she is on closer acquaintance.

No one who has ever attended vaudeville performances will attempt to detract one iota from the reputation the three Alexs have received the world over in their startling and thrilling equilibristic act, after they have witnessed this fearless trio in their astounding feats.

All enjoy the singing of the six gypsies. True much of their repertoire has been heard countless times, but still the act has enough of that which is new to make it a big vocal feature. The scene setting is typical of this race of wanderers and their costuming is, of course, in keeping with the general atmosphere. Eddie Girard, always funny, always a feature, is back again and his act is a hummer along the lines that has made Girard's name a well-known one in vaudeville the world over. Assisting him is Jessie Gardner, who is as clever in her line as her funny-faced partner. Girard is happy in the role of the Irish policeman, which is enough said at least to those who know him.

John Hamilton is an artist and he paints pictures while you wait, so to speak. He has a gift of comedy that sends him along swimmingly, but aside from his comicalities one must not refrain to admire the very original act he is producing. With brush in hand he creates a series of impressionistic pictures as rapidly as the telling of it, and after a moment's darkness of the stage he is disclosed posing as the central figure, appropriately costumed, in the picture he has conceived. Billy Barron is another artist, a musical genius, who plays expertly on both strings and brasses. He makes up as an old man, of the "music master" type, and entertains with melodies from his array of instruments. Two reels of new motion pictures are also shown.

ABRAHAMSON THE GUEST OF HONOR

Senior Member of the Big Dry Goods Firm and Employes to Make Merry.

Julius Abrahamson, senior member of the firm of Abrahamson Brothers, will be the guest of honor at a banquet tendered him this evening in Foresters Hall, Thirteenth and Clay streets, at which time nearly one hundred employes of the firm and a few invited guests will be present. Edward Theile will act as toastmaster, and a program of speeches has been arranged. The banquet is in charge of a committee selected from among the heads of the various departments of the big department store.

Hugo Abrahamson, who has been in Los Angeles for some time, is expected to be present this evening. Julius Abrahamson has recently returned from New York, where he spent two months on business, inspecting goods in the wholesale markets and in the factories. Tonight it is expected that he will outline to his employes a number of new ideas that he brought back from the East, referring particularly to the formation of a Merchants' Club and the building of a new home for the Oakland Chamber of Commerce. A short time ago and immediately after his return, Mr. Abrahamson announced to THE TRIBUNE that he stood ready to aid financially a movement toward the building of such a structure.

SWEDEN GETS HERO FUND FRO M CARNEGIE

STOCKHOLM, April 5. — Andrew Carnegie has donated $230,000 for a hero fund for Sweden.

MAY BE HIDING NEAR THE PARK

Detective Believes Kidnaped Henry Children Are Yet in San Francisco.

SAN FRANCISCO, April 5.—Detective Cavanaugh, who was yesterday detailed to investigate the kidnaping by Mrs. Albert J. Henry of her two little children from the Jones street apartments in which they were being held by Miss Pearl Wyckhoff, stated this morning that he had received information leading him to believe that the mother and children had taken refuge somewhere near the park.

Acting on the theory that they are in hiding, and have not fled from the city, a systematic search will be begun today, and the first district where inquiry will be made will be that bordering the park.

According to Cavanaugh, George A. Bogan, the chauffeur of the machine used for kidnaping, left Mrs. Henry, the two children and a man who answers the description of S. Foster Kelley, the affinity, at the corner of Fell and Steiner streets. What became of them after that he claims not to know. Other witnesses, however, have been found that aver that at 9 o'clock the quartet were seen to leave a large touring car at the junction of Sixth avenue and the South drive. This is far distant from Fell and Steiner streets, and it is possible that if a second machine was taken at the last named point the party were merely relaying in different automobiles to throw possible pursuers off the scent. They may have taken another car after leaving the machine on the South drive.

There are several theories in regard to the present locality of the children, but according to Henry himself, who is vitally interested in the whereabouts of his little ones, the wife and mother would hardly keep them in this city, but would rather make a desperate effort to get them across the Mexican border and out of the jurisdiction of the United States courts.

START CRUSADE FOR ARBITRATION

Anglo-American Plan Finds Favor With Church People of London.

LONDON, April 5.—The Archbishop of Canterbury will be asked to start a great religious movement in favor of Anglo-American arbitration. This is the outcome of a meeting at the Mansion House, at which a deputation from the Free Church council presented resolutions urging the Lord Mayor to initiate the movement. The Lord Mayor said he had received many communications from bodies, including those representing the leading municipalities, in which aproval of the movement was expressed, but added it was essential the religious side of the movement should embrace all churches.

The Rev. F. B. Meyer, a former president of the National Federation of Free Churches, said it was obvious, in order to insure success, that the lead should be taken by the Archbishop and the Anglican church. It was then decided to present the request to the Archbishop of Canterbury in the Lord Mayor's name.

NEAR DEATH IN BURNING HOUSE

Melrose Woman Has Narrow Escape When Oil Stove Explodes.

MELROSE, April 5.—Mrs. Robert Cate of Laurel avenue and Idaho street came very near being burned to death yesterday morning when a coal oil stove, on which she was heating some water, exploded, and threw a sheet of flame over the entire kitchen. Before she had time to grab any of her personal effects the entire rear portion of the house was in flames, and before the fire department arrived the cottage was in ashes. None of the furniture was saved.

FLAGS TO MARK LIMIT.

BERKELEY, April 5. — The city council has ordered flags placed at polling booths at the municipal election, April 22, to mark the 100 foot boundary, inside of which electioneering is prohibited.

Violations of the regulations at the polls last Saturday made it necessary for the police to clear the space in front of booths, and the law is to be strictly enforced at the next election.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair; with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.
